MINE HEAD IS KILLED BY HIS SON-IN-LAW

NELSONVILLE MAN CLAIMS HIS LIFE WAS IN JEOPARDY

Governor Donahey Sends Five Men To Watch Situation In Coal Fields Where Workers Are Idle—Word Is Waited From Leaders of Factions On Proposal To Resume Wage Scale Conference.

Peter Merz, 60 years old, president of Lick Run Coal and Clay company, was shot and killed Thursday morning a short time after he returned home at Nelsonville from a tour of night duty in charge of guards on the property his company owned.

James McManaway, son-in-law of Merz, is held in Athens county jail on a charge of murder. He said he slew his father-in-law in self defense.

The mine company headed by Merz was operating its properties on a non-union basis and McManaway was prominent in mine union affairs in Athens county. This, however, is said not to have entered into the fatal quarrel, the trouble having been entirely domestic.

When McManaway surrendered to police he was suffering from a long cut on his neck that he said Merz inflicted with a knife before he shot him.

This story is attested by Mrs. Merz who said her husband returned from work in an intoxicated condition and soon began to beat and abuse his son.

Before the Lick Run mine was operated on an open-shop basis McManaway was president of the mine union composed of men who worked for the Lick Run company. At that time he and Merz are said to have had considerable disagreement.

Merz was widely known thruout the county and leaves a widow and ten children. McManaway has two children.

While Governor Donahey awaited action of coal operators and union miners of the central competitive field on his proposal for a resumption of their wage scale conference, Ohio national guard officers were dispatched as permanent observers to the scenes of recent disorders in five counties.

The governor's office was informed by Major John Edwards, stationed in "a domestic affair."

Athens county, that the shooting at Nelsonville was "a domestic affair." The governor's office was informed however, that McManaway had been active among union miners, opposing his father-in-law.

After suggesting that the proposed wage conference be conducted in Toledo August 15, at the National Guard armory, Governor Donahey, at his summer cottage on Indian Lake, adopted a policy of waiting.

While announcement was being made of the suggested conference at Toledo, Adjutant General Frank D. Henderson conferred with National Guard officials and assigned five officers to five counties to observe conditions there and to remain in the field indefinitely. Their particular mission is to report frequently to the capital how civil authority is coping with the situation.

Until Thursday's assignment of officers the adjutant general's department has intervened only to send men on specific missions of short duration into the various fields.

Newsprint for Four Years

It was ascertained in a survey for interesting statistics that in every four years there is enough newsprint to make a strip as wide as a daily newspaper reach from the earth to the sun and back.

Isn't it a misnomer to say the doctor "treats" you when he charges ten dollars for the call?

The new move was made "in anticipation of further disturbances between union and non-union miners and in the hope that sending of troops can be prevented," Adjutant General Henderson said.

Major Edwards' first move in the Athens county field was to meet with the county commissioners, Judge L. G. Worstell, of the common pleas court; Prosecutor R. D. Williams and Sheriff William Williams, to discuss the situation. As a result the sheriff was ordered to deputize 40 or 50 men to act as guards at the Lick Run mine and 15 to guard the mines at Lohrberg.

Meanwhile Lieutenant O. E. Hardyway, One Hundred and Sixty-sixth Infantry, who was investigating Thursday's disturbances at the Lick Run mine, where promiscuous shots were fired, moved on to Tuscarawas county to investigate the situation around the Newport mine, where there were disorders Monday. He will report from that field on what success Sheriff Abe Laird has met in deputizing a corps of 40 men.

DR. JOSEPH LEIST ESTATE.

An estate estimated at \$14,500 was left entirely to his widow, Mrs. Laura C. Leist, Columbus, by the late Dr. Joseph W. Leist, physician, who was drowned in the Olentangy river about two weeks ago in saving his son.

UNDERWENT OPERATION.

Mildred Ritchart, daughter of Mr. and Mrs. George Ritchart, of Columbus, formerly of Chillicothe, underwent an operation for the removal of her tonsils Thursday. Dr. C. G. Stewart performed the operation.

LEVINE'S PILOT

Maurice Drouhin, one of the best commercial pilots in France, who was engaged by Charles A. Levine to pilot the plane Columbia on the return flight from Europe.

Odd Punishment

Around 1800 the law had a "bite" to it in Trumbull county, Ohio, for an old history tells what a self-organized tribunal did to a man convicted of stealing from his fellow boarder. The defendant was sentenced to be "divested of his apparel, tied to a tree, and subjected to the bites of mosquitoes for an hour."

Poor Way to End Up

"Idleness," said Hi Ho, the sage of Chinatown, "is too often the ridiculous termination of a career that has been worthy and industrious."—Washington Star.

Chinese "Venice"

Soochow, one of the oldest and most famous cities in China, is known as the "Venice of the Far East," because of the large number of canals with which it is intersected.

President Coolidge Attends Farmers' Picnic

President and Mrs. Coolidge, with other notables, in the grandstand at the big farmers' picnic at the agricultural field station at Ardmore, S. D., and some of the prize-winning stock in front of the stand.

HAPPENINGS IN OUR STATE

Taken Direct From Wires By Correspondents of the United States Press Association.

Nelsonville — James Hoskins, 35, who was buried here today, lost his life at Philo when he attempted to rescue a drowning girl. The girl was saved by a relative of Hoskins.

Zanesville — Dr. Granville Warburton, prominent physician, indicted on two charges of arson by the recent grand jury, appeared in common pleas court, plead not guilty and was placed under \$1,000 bond in each case.

Athens — For the first time in the 123 years existence of Ohio university, there will be three commencements in a single college year when the third class of 1926-27 will be graduated August 12.

Lancaster — General Sherman's home here may be sold to the G. A. R., for a museum. The organizations option on the homestead expires this week.

Dayton — Twenty-seven prisoners escaped from the city workhouse during the month of June, according to a report filed here. This was nearly double the number during May when 14 escaped.

Dayton — Constables Earl Severs and W. J. Sidwell, now serving time in the Atlanta federal prison and Troy, Ohio, county jail, respectively, still hold their jobs according to a ruling of Edward C. Turner, attorney general. The constables were sentenced following conviction of conspiracy to violate the national prohibition law.

Lawyer Takes Client to Court in Airplane

St. Paul, Minn.—There are flying doctors, and the flying parsons are quite numerous, but a flying lawyer is somewhat of a novelty.

Second Lieut. Thomas M. Strickler of the One Hundred Ninth Aero squadron, an attorney, had a case at Olivia and decided to fly there with his client, T. G. Linnell, secretary of the Twin City Fire Insurance company.

So they hopped off and in 65 minutes landed at Olivia. In another 10 minutes they were in the courthouse. Fifty minutes later the case had been tried, a verdict returned for the lawyer-pilot, and 70 minutes later they were back in the Twin Cities.

NEWS ABOUT COURT HOUSE

General Happenings Taken From the Records of the Various County Offices

Condemnation.

The Chesapeake & Hocking Railroad company has filed a suit in common pleas court against Peter J. Blossor, Sallie T. Boggs, Morris Boggs and others, in which the plaintiff seeks to appropriate .34 of an acre owned by the Boggs family and .89 of an acre owned by Judge Blossor. The land is located on the Pickaway-Ross county line and has been sought by the railroad company ever since the construction of the road was begun. Wilson & Rector, of Columbus, and Charles H. May, of this city represent the railroad company.

Judgment by Confession

Harry W. Moler, executor of the estate of D. W. Moler has secured judgment by confession against C. C. Whitesides and Mrs. C. C. Whitesides for \$400.25 with interest at 8 per cent from August 4, 1927. C. A. Weldon represents the plaintiff.

Habeas Corpus Write.

Mary Engle an inmate of the Feeble-minded institution at Orient, has thru her mother, Mrs. Elizabeth Harper, filed a writ of habeas corpus in probate court, in which she seeks release from that institution, claiming that she has recovered. She was committed from Summit county in January, 1918. The hearing is set for August 18. Henry G. Stewart, of Akron represents the plaintiff.

Marriage License

Claude Johnson, 37, cement finisher and Mary Dunn, 41, both of this city.

Tesla Sees Air Fleets Using Wireless Power

New York.—Nicola Tesla, inventor of the alternating system of power transmission, in an interview on his seventy-first birthday predicted that airplanes and airships would be driven by light electric motors receiving their power by wireless transmission from generating stations on earth.

Power for manufacturing and for light and heat, he believes, will flow freely through the air from central generating stations to wherever it is needed.

"I have already demonstrated experimentally that I can transmit power by wireless light way around the earth without loss of one-half of 1 per cent of it," he said.

DELIGHTFUL MOTOR TRIP.

Mrs. C. D. Closson and daughter, Helen, have returned from Bevard, North Carolina, where they spent a few weeks. The trip was made by motor thru North Carolina, Tennessee and Kentucky and they were accompanied by Mr. and Mrs. Kenneth Harris and Mrs. Charles R. Blundell.

HOMECOMING POSTPONED.

The annual homecoming at Brown's chapel, Ross county, which was scheduled for August 11, has been postponed until Thursday, August 18.

"POKER FACE" WINS

The photograph shows Helen Wills, more popularly known as "Poker Face," who recently returned from a victorious trip to Wimbledon where she captured the ladies' singles championship. Helen is the first American woman to capture the prize in twenty years.

Western Washington Cow Establishes New Record

Tolt, Wash.—Again a cow from western Washington has established a world's record. Carnation Walker Hazelwood having been officially credited with producing in a seven days' test, 627 pounds of milk and 43.22 pounds of butter. This is the best production for three-year-olds in any week test. Last year this heifer broke the world's record for yearly production in the two-year-old class with 1,200 pounds of butterfat.

Value of Phosphorus

Phosphorus, if present in too large a quantity, renders iron more brittle under shock, reduces the hot strength and tendency to segregate. On the other hand, it makes metal fluid and decreases contraction.

Comfort for the Many

Alas for Idols! Very few of the world's big jobs are held by men who were valetudinarians.—Buffalo News.

RIPE OLD AGE

Mrs. Jane Upp Rigdon, Born Near This City, Died in Lincoln, Illinois.

The death of Mrs. W. H. Rigdon, one of Lincoln's oldest and most respected citizens, occurred at the family home at the corner of Sixth and Maple streets, at 8:45 o'clock this morning. Mrs. Rigdon had been ill for about three months.

Jane Upp Rigdon was the daughter of Samuel and Eliza Ann Stollard Upp, who drove thru in a covered wagon from Fairfield county, Ohio, near Circleville, when she was 11 years old, and settled on a farm four miles northwest of Mt. Pulaski.

She was born in Fairfield county, Ohio, December 1, 1844 and was married October 11, 1866, being 82 years and seven months old.

She is survived by her husband, W. H. Rigdon, two sons, Leslie R., of Highland Park, Illinois, and Roy D., of Dallas, Texas, and one grandson, William Henry, son of Leslie R. One son, Arthur, was called by death, March 17, 1900, from sickness contracted in the Spanish-American war. Two other children died earlier in infancy.

On October 11, 1926, Mr. and Mrs. Rigdon celebrated their 60th wedding anniversary at their home, 202 Sixth street, where they had resided 59 years. The old farm home is still in the family.

Mrs. Rigdon had been a member of the First M. E. church of this city since 1869. She loved her church, and was an active worker in the foreign missionary society, social service and Mizpah Sunday school class until a few weeks before her death. She never missed a service when able to attend. She was also an active member of the Orphans' Home Rebekah lodge and was a Past Noble Grand of the order.

Her husband, two sons and daughters-in-law, were with her during her last illness.

Mrs. Rigdon retained wonderful vivacity and youthfulness up to her last sickness. She always entered heartily into social affairs, church work and other activities for the promotion and advancement of any cause for the good of the community.

Funeral services Wednesday afternoon at 2:30 o'clock from the home in charge of Rev. E. V. Young. Interment in Union cemetery.—The Star Lincoln, Illinois.

SOLDIER BOYS HAVE REUNION ZWICKER PARK

The 29th annual reunion of the Fourth regiment, Ohio Volunteer Infantry of the Spanish-American war was held Friday at Zwicker park.

The veterans and their families held an all day outing at the park. There was no fixed program. The visitors enjoyed themselves picnicking and talking over old times. Officers for the coming year will be named and a place will be fixed to hold next year's reunion.

Captain Pritchard of Portsmouth, is president; Fred Donnelly, of this city, is vice president; George Zwermer, of Columbus, is secretary-treasurer, and Homer Wolf, of Marion, is chaplain.

Maybe She's Right

When a woman puts out a display of flowers, she has an air indicating that women invented flowers and that men do not care for them.—E. W. Howe's Monthly.

Real Ruler

He who holds back rising anger as one might a chariot, him indeed I call a driver. Others only hold the reins.—Buddha.

Bacteria Not So Speedy
About four inches in fifteen minutes is the speed of the speediest bacteria, according to Liberty.

Part-time Job
Only occasionally do you find a genius, and when found you'll find he is only a genius occasionally, at that. —Boston Transcript.

BROKEN WHEEL

Derailed Chesapeake & Ohio Car Last Evening.

An east bound Chesapeake & Ohio freight train containing empty coal cars, was held up for a short time yesterday evening about 6:30 o'clock when a wheel on one of the cars near the end of the train, broke. The car was derailed near the crossing at the H. E. Riggins Produce Company plant in Western Avenue and the train continued its course by using the switch alongside the tracks at this point.

The Norfolk & Western wrecking crew was called from Portsmouth and arrived about 8 o'clock, replacing the broken wheel and righting the car in about ten minutes.

PEACE AND TAXES

Taxes to meet the requirements of war are devised almost overnight but experience shows that readjusting them to the requirements of peace is a long and arduous process. This is reflected in the appeal of the Chamber of Commerce of the United States to its fifteen hundred member organizations to co-operate with Congress in overhauling the present internal revenue system. This has been undertaken by the Joint Congressional Committee.

"The present internal revenue system," the Chamber says, "is essentially a war product and the revisions since the close of hostilities have been made in a more or less haphazard manner as existing circumstances might determine, and little provision has heretofore been made for securing the opinion of that most vitally interested section of the public—the taxpayers. The present situation, however, is quite different. The Congressional Joint Tax Committee is a continuing body and is very anxious to secure criticisms, comments and constructive suggestions from the taxpayers."

The primary work of the committee, the Chamber points out, will not be in connection with rates, but rather with questions of administration and simplification, such as interest provisions, statutory time limits, capital gains and losses and other matters.

Immediate rate reductions will be considered by the House Ways and Means Committee. The Chamber reiterates its intention to press for the reduction of the corporation income tax rate to not less than ten per cent, repeal of the Federal estate tax and elimination of remaining war excise taxes.

Had First Balloon Idea

Joseph Michael Montgolfier was the inventor of air balloons. He discovered that a balloon, with a car attached, could be kept suspended by a supply of heated air. His brother, Jacques Etienne, collaborated with him in his scientific pursuits and participated with him in his first experiment in 1783.

CRYSTAL MIST GASOLINE and OPALINE OILS

A guess in motor lubrication is always a hazard. The thing to do is to make sure. Why not drive around in your car - let us demonstrate how wear affects economical lubrication. Then let us recommend exactly the Sinclair Opaline Motor Oil you should be using to give your motor its proper lubrication.

We carry five grades of Sinclair Opaline Motor Oils. For your car--one of these five is better than the other four. It depends on the condition of your engine--the length of service--the degree of wear. The Sinclair Recommendation Index determines just the grade of Sinclair Opaline Motor Oil your car should have today.

Goes Back to Old Rome

Vitruvius was an architect of Rome, engaged in the practice of his profession a few years before the beginning of the Christian era. He published the book which bears his name about B. C. 25. Vitruvius mentions that floors of oak were nailed with iron nails. Oak floors today are nailed with steel cut or wire cut nails—through the side tongue—known as blind nailing.

The "Right" Oil May Be Wrong

The oil you always use may not be the right oil for your car today. And the right oil for today may not be correct a year from today. As your car grows older—your engine clearances increase. And you must change to heavier bodied oil.

We prescribe Sinclair Opaline Motor Oils in different grades to meet the changing condition of your engine. Consult the Sinclair Recommendation Index—see you are using the best lubricant for your car as it is today.

Home Variety Modern Idea
There are scores of excavated
homes in Pompeii, varying somewhat
in size, but almost identical in the ar-
rangement of rooms and courtyards.
Except for minor details, one may be
said, in describing any particular
house, to be describing them all. The
modern home is quite the opposite of
this.

First to Make Good
The first successful typewriter in
the world was patented on June 23,
1868, by three associates of Milwau-
kee, Wis. The inventors were C.
Latham Sholes, printer and editor;
Samuel W. Soule, a printer, and Carlos
Glidden, a capitalist.

HUGE PLANE AS CARRIER

Detroit, Aug. 3.—(UP.)—A
huge monoplane, equipped to
land its cargo from mid-air while
travelling 100 miles an hour, was
exhibited today for the first time
at Ford airport.

The craft resembled an enor-
mous truck with wings attached.
Described as the largest air-
plane ever built, the craft meas-
ured 74 feet between the tips of
its wings.

The plane took off at 8 a. m.
EST for Curtiss Field, New
York, where it will be delivered
to the Royal Typewriter Com-
pany to be put in operation im-
mediately for the rapid transport
of typewriters to the 500
branches and agencies of the con-
cern throughout the country.
John A. Collings, veteran Ford
pilot, was at the controls and
Howard West accompanied him
as mechanic. A stop will proba-
bly be made either at Belle-
fonte, Pa., or Hadley Field, N. J.

Edsel Ford said the use of air-
planes as air delivery will be
general in the near future. The
Ford Motor company has more
orders for commercial airplanes
than at any time since the estab-
lishment of its airplane division,
he said.

Only Rich, Nothing More
Some years ago there died a multi-
millionaire, and a newspaper man who
furnished news stuff to a syndicate of
papers wrote an article concerning
him. Six papers published his article
and five of them did not. One of the
five wrote the correspondent his rea-
son, saying: "The man was merely
rich; that was all there was to his
life."

How We Choose the Right Oil.
Perfect lubrication in your car!
What is it? Just a matter of select-
ing the one of the five grades of Sin-
clair Opaline Motor Oils that is
proper for your car's present condi-
tion. One of them is perfect for your
car—it fits the degree of wear of the
engine.

"Rialto's" Real Meaning

The word "Rialto" is a corruption
of the two words "Ribo Alto," which
literally mean "deep river." The cor-
rupted form was applied as the name
of an island in the Adriatic sea, which
became the business center of the
group of islands occupied by the city
of Venice. By the process of the asso-
ciation of ideas the term "Rialto" is
used as the synonym for the business
center of the city.

Hot Wind Explained

Berg wind is a dry, hot wind that
frequently blows from the north along
the coast of Cape Colony, South
Africa. It derives its name from the
bergs or mountains, which lie in the
center of the colony, and its dryness
and heat from the arid country over
which it passes.

WHAT'S IN YOUR CRANK CASE?

service.

ZENKER BROTHERS
124 East Main St. Circleville, O.
5th and Mound Sts. Columbus, O.

Woman Army Officer

The only woman who was ever com-
missioned regularly in the United
States army was Arabella Macomber
Reynolds, who was commissioned a
major by Governor Yates of Illinois in
recognition of her gallant conduct at
the battle of Shiloh. Her services are
mentioned twice in General Sherman's
memoirs.

Wool Sold as Cheese

A previous experience caused a re-
cent auction of wool in London to be
postponed because of fog. On one oc-
casion, in 1912, fog was so thick that
a large quantity of wool was sold as
cheese, the wool market being closed,
and so it will be henceforth during
heavy fogs, according to a correspond-
ent of the Sydney Bulletin.

Mr. and Mrs. Frank Smith went to Blissfield, Michigan to attend the funeral of Bernard Brubaker, son of Mr. and Mrs. Wallace Brubaker.

R. W. Wilkins, of Painesville, who has been spending his vacation with his parents, Mr. and Mrs. Charles Wilkins, at Frankfort, has returned home.

Misses Margaret Boggs and Charlotte Bell are expected home Sunday from Madison, Wisconsin, where they have completed a six weeks' course at Wisconsin university in physical education.

Mrs. William Shupe and Mrs. Harry Shupe of Laurelville, went to Lima Friday. The former will visit her sister, Mrs. David Moyer and the latter will visit her daughter, Miss Marjorie Shupe.

Mr. and Mrs. W. H. Mason and son Paul, and Misses Minnie and Ella Mason leave Saturday for Lafayette, Indiana where they will attend the Geyer-Primmer family reunion Sunday held at Columbia park, Lafayette.

Mr. and Mrs. A. J. Lytle, of Detroit, Michigan, are guests of his sister and brother-in-law, Mayor and Mrs. George M. Fitzpatrick. They came down to attend the reunion of the Fourth regiment, Ohio Volunteer Infantry.

Ex-representative and Mrs. Denny Cross, of Columbus, accompanied by Mrs. Mary DeZomba and sons, M. J. Andrew and Charles, and grandson, Stephen Rugent, of Pittsburgh, Pennsylvania, were visitors in the city Thursday.

Mr. and Mrs. A. S. Wrightsels and family, of Grand Rapids, Michigan, who have been guests of their parents, Mr. and Mrs. John Wrightsels, of Circleville township, have returned home. Miss Rosetta Wrightsels accompanied them home.

Mr. and Mrs. Frank U. Sanderson and son, Richard and daughter, Martha, of Washington D. C., are here visiting relatives. They have been guests of his sister, Mrs. Jesse Johnson, of New Holland, and her sister, Mrs. T. P. McCafferty, in Monroe township.

Chief of Police W. H. Warner has returned, from Washington D. C. where he delivered a deserter from the navy. While in the nation's capital he was the guest of his daughter, Mrs. Harry Radcliffe, and family. His daughter, Miss Bessie, remained for a month's visit with her sister.

N. O. Frye, agent for the American Railway Express company, accompanied by his wife and Mrs. John A. Lane left Thursday on a motor trip to Washington D. C., and Hendersonville, North Carolina. They will be joined at Zanesville by Mr. Frye's mother, Mrs. L. H. Frye, of Coshocton, who will accompany them. While at Hendersonville they will be guests of Miss Elizabeth Freese.

The Four Things That Matter. There are four qualities we look for in a motor oil:

1. It must give perfect lubrication.
2. It must leave the engine in clean condition.
3. It must be economical to use.
4. It must be free from impurities that damage the engine.

On these four counts we have chosen Sinclair Opaline Motor Oils and we recommend them to our customers.

The Circleville Oil Co.
30julyd&wtf.**SOCIAL CALENDAR**

Mrs. J. E. Motchman, of this city, a recent bride, was given a luncheon and shower by the employees of state compensation department at the Hartman building in Columbus Friday. Mrs. Jacob Young and daughter, Miss Mabel, of this city were among the guests.

A number of relatives and neighbors gathered at the home of Mr. and Mrs. Charles E. Cook, on East Franklin street, Thursday evening, August 4, to surprise and also to help Miss Cook celebrate her birthday anniversary. Those present were Mr. and Mrs. George E. Cook and daughters, Sarah Jane and Rosemary, Mrs. W. H. Martin, Mrs. S. B. Crable, Mrs. S. F. VanGundy, Mrs. W. H. Wilkins, Mr. and Mrs. Elmer Cook, Mrs. John Stout and daughter, Mrs. Ella Lindsey, Mrs. Harry Kraft, Mrs. J. F. Mavis, Mary Mavis, Mrs. Minnie Burgett, Mrs. Ella Lamaster and daughter, Miss Carrie, Mrs. Will Compton, Irene and Russell Crable, Gerald Van Gundy, Roy and Eva Wilkins, Mrs. Marie Knece, Mrs. L. W. Curl, Mrs. Phil Beery, Anna Edith, Harold and Harriet Ellen Beery and the host and hostess, Mr. and Mrs. Charles E. Cook. A delicious picnic supper was served. All departed wishing Mrs. Cook many more such happy birthday anniversaries.

Quite a number of relatives and friends gathered at the home of Mr. and Mrs. Earl Lininger, Sunday, as a surprise on the latter's birthday anniversary. Those to enjoy the happy occasion were; Mr. and Mrs. Jesse Lininger, Mr. and Mrs. Harold Lininger, Mr. and Mrs. Jesse Lininger, Lininger, Mr. and Mrs. Harold Lininger, Mr. and Mrs. Jesse Lininger Mr. and Mrs. Clyde Cook and son, Frank, Mr. and Mrs. Carl Graham and niece, Hazel Henneberger, of Frankfort, Mr. and Mrs. Charles Ward, of Columbus; Mr. and Mrs. Herbert Soderberg, of Springfield, Mr. and Mrs. Abe Andrews and niece, Elizabeth Hosler, Mr. and Mrs. Pearl Dawson and son, Galen, Ott Dawson and sons, Fred and Forest, Charles Lininger and sons, Paul, Alfred and Martin.—New Holland Leader.

The spacious home of Dr. and Mrs. John B. May and daughters, Lena and Elizabeth, was the scene of the annual reunion of the Holter and Penn families, Sunday at New Holland. The beautiful weather made possible the utilizing of the pretty lawn for the occasion, the bountiful picnic dinner being spread on tables under the shade trees. The tables, attractively arranged and set, each bore large bouquets of summer flowers and potted plants. Delicious foods were served aplenty and it was a joyful hour to all those present. A very interesting program had been arranged and was rendered, much to the pleasure of all. The various numbers had just the right appeal for such an event. The following out of town guests were included in the reunion group; Colonel Julius A. Penn

and sister, Miss Jenny, Mrs. William R. Walker and Homer Hunt, of Batavia; Mrs. Robert Peet and son, Bobby, and Robert Cushman, of Richmond; Mr. and Mrs. E. J. Jonas, of Cincinnati; Mr. and Mrs. J. C. Holter, Mr. and Mrs. A. G. Simons and daughters, Marion and Merle, of Columbus; Miss Harriet Stiner, of Wooster; Mrs. Pinta May, of Washington C. H.; Attorney and Mrs. C. H. May and children; David and Katherine, of Circleville; Mr. and Mrs. Fred Metcalf, Miss Enda Wharton and Mr. and Mrs. Tom Orr, of Chillicothe; Mr. and Mrs. Charles M. Clifton and sons, Rodger and Charles Jr., and Mr. and Mrs. Percy May were also present. — New Holland Leader.

**LEXINGTON
MAN KILLED
IDENTIFIED**

Notation in Book Leads to Belief That He Was Under cover Liquor Officer.

The possibility that a Cincinnati slain in Lexington, Kentucky, Wednesday, may have been connected with dry enforcement offices, was revealed late Thursday by Lexington police chief.

The man, A. J. Chandler, 54, Cincinnati, was found beaten and lying near Louisville & Nashville railroad track in Lexington.

Marks on the railing of the viaduct just above where Chandler was found indicated he had been dropped from the structure, a distance of 30 feet.

A pool of blood found on a street some distance from the viaduct led police to believe Chandler had been attacked, clubbed and then carried to the viaduct in an auto.

Notations found in a book in Chandler's possession were what gave the impression he had been an "undercover man."

Famous Irish Writer

Charles James Lever, the talented and popular Irish novelist, lived from 1806 to 1872. He was educated at Dublin for the medical profession, and then turned to literature. At the age of thirty years he had written the well-known stories, "Harry Lorrequer" and "Charles O'Malley." His books abound in rollicking good humor.

Authors' Titles Mean Little to Producers

Robert Chambers was speaking with some sarcasm about the way in which motion-picture companies change the main titles on their product instead of using the author's original title, already known to thousands of readers.

"Regardless of the defense that most of these titles are changed with the idea of getting something with more 'box-office title,'" said the noted novelist. "I contend that most of the changes are silly and meaningless and seldom fit the picture. I was greatly surprised when 'The Scarlet Letter' was released under its original title. Indeed, I had made a wager with a friend that instead of 'The Scarlet Letter,' they would call it 'How Hester Won Her A.'"

Would Form Vast Well

If all the oil wells drilled in the United States in 1926 were placed end to end they would form one great well 13,000 miles deep.

CHAMBER OF COMMERCE**FIRST TRIP OUT.**

R. L. BREHMER. 4augd3w1.

Cleaning Solutions

The speed of chemical reactions is increased by raising the temperature. Therefore, a hot ammonia solution is a better cleanser than a cold one. However, holding the temperature of the solution just below the boiling point would be almost as effective as to keep the solution boiling, except for the possible aid given by the vigorous agitation caused by boiling.

DID YOU CHANGE**THE SPARK PLUGS?**

A new set of Spark Plugs, at least once a year, will add pep to the motor. New spark plugs makes starting easier and save gas and oil. Install a new set of Champion's today and see what a difference it makes. R. L. BREHMER.

AMUSEMENTS

"Too Many Crooks" the farce comedy production which brings Mildred Davis back to the screen after an absence of four years had its local premier at the Met theater today.

Judging from the solid rounds of applause and hearty chuckles emanating from even the most staid theatergoers, the picture accomplishes all that was intended of it—and more.

Backed by a sterling cast which includes Lloyd Hughes, George Bancroft and El Brendel, a well constructed story and superb direction, the photoplay is one to be recommended most enthusiastically.

The work of Miss Davis, as the spoiled daughter of a rich father, who determines upon a playwright's career, is particularly, noteworthy. She displays a comedy sense equal to that of the most outstanding fun-makers on the screen today.

The story of "Too Many Crooks" from E. J. Rath's novel of the same name, was directed for Paramount by Fred Newmeyer, the man who made Richard Dix' "The Quarterback" and W. C. Fields' "The Pottermen." Others in the cast include William V. Mong, Betty Francisco, Otto Matiesen, Gayne Whitman, John St. Polis and Tom Ricketts.

Eastern Narcotic

Bhang is the East Indian name for the common variety of hemp. In hot climates the plant develops narcotic and intoxicating properties, on which account its leaves and seeds are chewed. An intoxicating drug, hashish, is obtained from a gum that exudes from the plant.

SEALED PROPOSALS

Will be received by the Depositary Commission of the City of Circleville, Ohio, at the office of Fred R. Nicholas, clerk of said Commission, in the Masonic Temple in the City of Circleville, Ohio, until 12 o'clock, noon, on the 4th day of September, 1927, for the deposit of all funds belonging to the City of Circleville, Ohio (except school funds) and also (excepting City Sinking Funds) for the period of two years from the 23d day of October, 1927, from the banks, banking companies and trust companies located within Pickaway County, Ohio, in accordance with Ordinance No. 122 of the Ordinances of said City, to which ordinance reference is hereby made for greater certainty.

Said proposals shall state the rate of interest that will be paid on the average daily balance, for the use of said money, and also the kind of sureties that will be offered in case the proposal is accepted.

Said bids shall be sealed and endorsed "Bid for the use of City Funds" and addressed and delivered to the undersigned.

No separated bid, nor a bid for less than the entire amount of money to be deposited, will be considered.

Said Commission reserves the right to reject any and all bids.

By order of the Commission,
FRED R. NICHOLAS, Secretary.

NOTICE.

Sealed Proposals will be received by the Board of Education of the City School District of the city of Circleville, Ohio, at the office of the Clerk of said Board, in Circleville, Ohio, until 12 o'clock, noon.

SEPTEMBER 2, 1927
and opened by the Clerk of said Board at its first public meeting thereafter, for the labor and material necessary for the erection of a WORK SHOP on the school grounds on South Court Street, in said city, under the plans and specifications on file with said Clerk.

Bids will be received for this work as a whole or on part thereof, to-wit:

1. Excavation and foundation.
2. Building.
All proposals shall be made in conformity with the General Code of Ohio and shall be enclosed in a sealed envelope addressed to the Board of Education of the Circleville City School District, and endorsed "Proposals for Contract on Work Shop" on the outside of the envelope.

Each bid shall be accompanied by a sufficient bond or guaranty to the amount of ten (10) per cent of the bid, that if the bid be accepted a contract will be entered into and the performance properly secured. A bond of fifty (50) per cent of the amount of contract, with satisfactory sureties, will be required for the faithful performance of the work.

The Board of Education reserves the right to reject any or all bids.

By order of the Board of Education,
J. R. NOECKER, Clerk.

A ton of FREE COAL

Thousands got it last summer
Thousands are getting it this summer
Are you?

THOUSANDS of people joined Heatrola Free Coal Clubs last Summer and kept cozy for weeks last Winter at our expense! Thousands who join now will receive a whole ton of coal in the Fall with our compliments. Free.

Don't wait. Take time to visit our store today. Join our Heatrola Free Coal Club—it costs only \$2 for membership, and \$2 a week until Fall. That's all there is to it.

Except that, early in the Fall, we'll send to your home a free ton of coal and a new 1927 model Heatrola—the beautiful heater that looks like a fine piece of furniture and acts like a basement furnace!

Your membership fee and weekly payments of \$2 are your first down payment on your Heatrola—you can take care of the balance on easy terms.

If you want cozy comfort in every room of your house next winter—if you want much smaller fuel bills in the future—if you want to get rid of dirty, wasteful stoves forever—

Join the Heatrola Free Coal Club—
Open Only from July 30th to August 20th

Porcelain Distinction

The first considerable porcelain works in England were at Bow and Chelsea. The most usual marks of Bow are an anchor and dagger combined in various ways, while Chelsea is characterized by three unglazed spots on the bottom of the piece.

STAGE PLAYERS**Looked Upon Early Movies With Scorn.**

Fifteen years have made a big change in the attitude of the stage player towards working for the movies, points out Lillian Gish, quoted in an article by Sidney Sutherland in this week's Liberty. Today, the large salaries paid for movie work make the people of the "legitimate" stage very willing to work in the pictures and many stars have deserted the stage for good.

But in 1913, says Miss Gish, when she and her sister Dorothy first went into movie work, things were different. Stage stars went into the movies reluctantly then. "Indeed," Miss Gish is quoted, "I knew several actors and actresses who had crept anonymously into jobs before the camera, their anonymity being assumed because of their shame and because they feared to displease the chieftains of the speaking stage, who were fighting the new art so bitterly."

ONE HUNDRED MILLION DOLLARS IN GOLD PIECES**To Be Coined—Heavy Trade Shipments Make Necessary Immense Reserve In Treasury.**

Denver, Aug. 3.—America's gold reserve, approximately \$4,500,000,000, will be added to when United States mints in Denver, Philadelphia and San Francisco begin to coin an additional \$100,000,000 in the yellow metal in a few days.

The new coinage, according to Robert J. Grant, mint director here, will be all in \$20 gold pieces, and has been ordered by the treasury department as a reserve for \$300,000,000 in gold certificates that Uncle Sam will shortly issue.

Heavy shipments of merchandise in the regular trade channels, according to Grant, are responsible for most of the gold recently accumulated in the United States.

Smuggling, however, also plays a part in bringing gold into this country, especially from Mexico, Grant said. Mexican gold, originating along the Mexican border, is going to San Francisco banks.

Grant revealed the fact that of all the "small change" coins made in the United States, 95 per cent are used west of Chicago, declaring that the Denver mint alone sends out shipments in car load lots.

Grant said that one of the perpetual puzzles to mint directors was the disposition of millions of pennies coined. "No one seems to know what becomes of all the pennies," Grant said, "but the mints keep busy coining them."

Explorer Rescued

Lieut. Adolphus W. Greeley and six companions, survivors of the Greeley Arctic expedition which had sailed in 1881 and was lost, were found on June 22, 1884, by a search party from a squadron of relief ships.

Father's Position

A father is a member of the male species who is supposed to spend one-half his time doing the things his family wants him and the other half answering their complaints because he did it.—Baltimore Sun.

Canoeing Sport Revived

The old Indian practice of canoeing was slowly but surely dying out when it was brought back to life by the organization of the American Canoe association in 1880. Due to the work of this association canoeing today is one of the most popular of summer sports.

That Old Sex Problem

Woman's privilege is to believe men can mend latches; man's privilege is to expect women to be able to work the latches he has mended.—American Magazine.

IF. PERCHANCE—

You may be using the proper grade of motor oil in your engine—but there is a possibility that you are not. May we explain to you why we recommend the different grades of Sinclair Opaline Motor Oils on the basis of the condition of your engine? We can relieve you of your lubricating worries.

**When the Children Come Trudging In..**

Is there something about the looks of their shoes that remind you that cheap materials can be made to look nice when a shoe is new, but that it soon goes to pieces on the romping feet of an active boy or girl?

Or are your children wearing our Poll-Parrot shoes, the kind that keep their shape and give such excellent service because they're made up to that high standard of solid leather value? That's the kind of materials the makers of "Star Brands" put in their shoes.

Poll-Parrots stay with busy feet. Let us fit them.

Mack's Shoe Shop

"Good Shoes For Less"

Wherever there is advancement there must be a pace maker.

To set the pace in obtaining greater stock-car speed, requires first setting the pace in designing improved stock cars and building them better and more durable than cars have ever been constructed before.

There was a time when the announce-

ment of a "new model" by a manufacturer was accepted by the public as sufficient proof of new car values.

But not so today. A new model means nothing if unaccompanied by new PROOFS of better performance.

The car itself must be the answer.

E. L. Cord

Who Killed Cock Robin?

Two or three automobile manufacturers today claim to build "America's Fastest Stock Car."

Auburn claims 80 miles an hour for its 8-88 stock car. (This claim has no strings tied to it).

Auburn proves its 8-88 stock car is capable of 90 miles per hour.

At Salem, N. H. Speedway July 4th an Auburn 8-88 won the 100 mile stock car race with the remarkable average of 89.19 miles per hour. As a contender, was a German make of car costing \$13,000 of much greater piston displacement and equipped with super-charger.

Also in a recent stock car race, open to the entire automobile industry, at Atlantic City Speedway under American Automobile Association sanction, the two leading cars finished only one-fifth of one second apart... 75 miles in about 52 minutes. Amazing

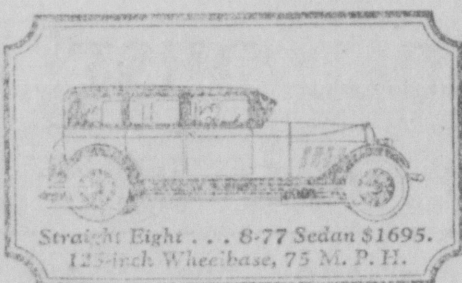

performance for both cars. Especially for the Auburn stock car, the list price of which is \$1500 less.

Such performance proves conclusively that Auburn cars are perfectly engineered and built or something would have prevented this sustained performance.

A stock car that is capable of sustained, high-speed with unflinching efficiency and without injuring itself, will not only do your ordinary requirements smoother and easier, but will also do them indefinitely without the effort, wear and tear that would work havoc with a car of less capabilities.

Who builds "America's Fastest Stock Car"?

DRIVE the new Auburn—if it does not do ALL things YOU demand of a car BETTER than any other, you will not be asked to buy.

Cedar in Orchards

The Department of Agriculture says that the presence of a cedar tree in an orchard may or may not be detrimental, depending upon the variety of the apples. The disease known as cedar rust requires both a cedar tree and an apple tree in order to complete the life cycle. Some varieties of apples are immune, while others are highly resistant.

SEVEN WHO DIED "IN LEAD OF US ALL!"

Advance of Heroic Platoon On Montfaucon Recalled as Bodies of Young Yanks Are Found.

Washington.—In the shell-racked earth about Montfaucon, where nine years ago American and German lines were locked in the grim struggle of the Meuse-Argonne drive, the bodies of seven young Americans of the Seventy-ninth Division, who gave their lives for the flag in that fight, were found at last to end the long suspense of grieving relatives.

Late in June, rewarding a search that had lasted for almost a decade, field workers of the Graves Registration Service in Paris struck a filled shell hole where the bodies lay. They were ranged in their common grave in an orderly row, placed there almost beyond doubt, not by comrades, but by enemy hands.

Identity of the seven dead was made certain when the double identification discs were found upon each body.

In the group were numbered the casualties of a platoon of Company F, Three Hundred and Fifteenth Infantry, including Lieutenant William A. Sheehan, of this city, platoon commander—casualties incurred the morning of September 29, 1918. That morning the four-day advance of the division was held in check by German resistance, organized in the woods near which the bodies were found.

Sheehan and his platoon had driven on a little beyond the line of the other platoons in the last attack on these woods. The young officer and six men of his detachment already had been ordered back for reorganization of the line when they fell.

Where Science Fails

Medical science, lengthening the span of life, is constantly enlarging the number of old people. But prosperity and modern inventions are taking away the little tasks that used to keep them occupied.—Woman's Home Companion.

SKYSCRAPER TO BE FINISHED IN 1929

Pittsburgh, Pa., Aug. 3.—"The Cathedral of Learning" of the University of Pittsburgh, the first college skyscraper in this country, which will cost \$8,000,000, will be completed in 1929, according to information from college officials.

The foundation of this unique college building, which will contain 33 stories, has been completed. The building will house all departments of the University of Pittsburgh.

The size of the structure can be visualized when it is planned that the first two floors of the edifice will occupy nearly two acres, while each succeeding floor will be smaller than the one below it—the structure resembling an enormous pyramid.

The largest room to be known as the commons, will cover approximately 15,000 square feet, it was said.

The upper floors will be used exclusively as laboratories.

"Friendly" Flower Names

A scientific man who indulges in an amateur way his taste for gardening says that he likes to know the scientific names of flowers, of course, but that in gardening the names he cares most for are the common names. These, he says, are like the nicknames and pet diminutives one keeps for intimate friends—not formal, not businesslike nor dignified, but just friendly.

Safety in The Buckeye--Convenience

Many people have learned from bitter experience that there is a point beyond safety in investment.

It is risking principal to seek excessive yield, or income.

THE BUCKEYE meets all requirements of conservative, safe investing. Its 5% Certificates of Deposit are issued for large or small amounts. Interest from date, payable or compounded semi-annually.

THE BUCKEYE has no branches, but people in all parts of Ohio and elsewhere invest by mail. Prompt service, both for deposits and withdrawals.

PRESIDENT'S

Naval Limitations Conference Is About To Adjourn.

Geneva, Aug. 3.—(UP.)—Final word from Washington before adjournment of President Coolidge's naval limitations conference was awaited today with the possibility that the conference might agree on a naval holiday for several years.

Conference circles took the attitude that it was Washington's turn to speak before tomorrow's plenary conference, should the United States accept this naval holiday proposal, originally made by the British and revived by the Japanese, the conference would have achieved something more than failure.

The British and Japanese delegations said today that the situation had not changed, which meant the stalemate continued.

Honor in Medicine

The degree of F. A. C. S. (Fellow American College of Surgeons) is bestowed upon a doctor when he has distinguished himself in surgery. This degree may be conferred upon any doctor who is a graduate of the leading medical schools of the country.

Early Abolitionists

The first protest against slavery in the United States was made in 1688 by the Society of Friends in Germantown, Pa., according to an answered question in Liberty.

No Germs in Hail

Hailstones do not contain germs, because they are formed by freezing in the higher levels of the air. Water is evaporated before it becomes hailstones and is practically the same as distilled water.

Ammonia Bottles

Ammonia will evaporate very quickly unless the bottle is kept tightly corked.

Reaching the Heart

One Auto in U. S. for Every Five Citizens

Washington.—The United States has
one automobile in operation for each
five of its citizens, the automobile
division of the Department of Com-
merce announces, basing its figures on
a recent survey.

Statistics for the world as a whole
showed 27,650,267 machines in opera-
tion at the beginning of the year, or
one for each sixty-six of the popula-
tion.

In Canada and Hawaii there is one
machine to each eleven of population
while New Zealand has one to twelve
Australia and Denmark one to seven
teen, Great Britain one to forty-three
Argentina one to forty-five, and
France one to forty-six.

It was estimated that 95 per cent
of all the automobiles operating in
the world are of American origin,
though a considerable proportion of
them were assembled in foreign
branches of American factories.

Men who pretend to understand
women thereby convince themselves
of being pretenders.

NEW BOOKS FOR YOUNG PEOPLE.

During vacation days the Public
library takes stock of the volumes up
on the shelves and endeavors to have
all books in as good shape as possible
for the opening of the school year.
Books, beyond the hope of repair, are
as far as possible, replaced by new
copies or rebound and their useful-
ness prolonged.

During the present summer the re-
placement of worn out books has in-
cluded the following for young peo-
ple of high and grammar school age.
Some are old favorites, others, new
titles.

Birkhead — Heroes of Modern
Europe.

Bourne & Benton—Story of Ameri-
ca and Great Americans.

Brooks—Stories of South America.

Bryant—Children's Books of Cele-
brated Sculpture.

Camp—Book of Sports and Games.

Cather —Boyhood Stories of Fa-
mous Men.

Cather —Girlhood Stories of Fa-
mous Women.

Clark—Suppose We Play.

Clarke & Dawson—Baseball.

Clark & Quigley—Etiquette, Jr.

Collins — Amateur Electrician's
Handbook.

Collins—Book of the Microscope.

Conkling—Silverhorn.

Darrow—Masters of Science and
Invention.

Drinkwater —The Way of Poetry.

Fabre— This Earth of Ours.

Hall—Home Handicraft for Boys.

Hall—Home-made Games and Game
Equipment.

Hall & Perkins — Handicraft for
Handy Girls.

Hawks—Engineering for Boys.

Holland—Historic Inventions.

Huntington—Asia.

Ingersoll—Book of the Ocean.

Jenks—We and Our Government.

Johnson—We and Our Work.

Kipling—Songs for Youth.

Kummer—First Days of History.

Kummer—First Days of Knowl-
edge.

Kummer—First Days of Men.

Lang—Red True Story Book.

La Prade —Alice in Orchestralia.

Latimer — Your Washington and
Mine.

LaVarre — Up the Mazaruni for
Diamonds.

Minchin—The Jester's Purse.

Mosely—Trees, Stars and Birds.

Newboldt — Book of the Happy
Warrior.

Nusbaum—Deric in Mesa Verde.

Parker & Cowles—Book of Plants.

Parkman—Conquests of Invention.

Patri—The Spirit of America.

Patteson — How to Have Bird
Neighbors.

Payne—We and Our Health.

Putnam—David Goes to Greenland.

Putnam—David Goes Voyaging.

Quennell — Everyday Life in the
Old Stone Age.

Quennell — History of Everyday
Things in England.

Rawson — Boy's Eye View of the
Arctic.

Salisbury—Boys' and Girls' Cali-
fornia.

Slocum—Sailing Alone Around the
World.

Smith — Heroines of Legend and
Story.

Smith—Human Geography.

Snow & Froehlich — A Hundred
Things a Girl Can Make.

Starr—American Indians.

Starr—Strange Peoples.

Stone — Everyday Life in the
Colonies.

Towers — From Beacon Fires to
Radio.

Untermeyer—This Singing World.

Wilmot-Buxton—Jeanne d'Arc.

Yates—Boys' Playbook of Chem-
istry.

Cotton to Cover Sausage

Sausage coverings made from a cel-
lulose by-product of cotton are to re-
place animal casings. That ought to
make sausage taste better. Sausages
packed in the cellulose casings are
perfectly comestible and may be
cooked in any manner. Chemists dis-
covered the process. Casings, now in
general use, are sheep casing from
China, Russia, the Levant, New Zea-
land, Australia, western Europe and
South America. Hog casings come
from native hogs or are imported from
China. Even with care the cleaners
and graders of natural casings were
unable to turn out a really clean, uni-
form article, or one free from holes,
weak spots, deterioration or other de-
fects. Bring on the new casings.—
Capper's Weekly.

Records Vibrations

A device, known as an "Oscilo," has
been perfected for recording the char-
acteristics of any vibration. It con-
sists of a mirror, 1-300th of an inch
thick and to the eye no more than a
fleck of light, which is the heart of
the invention. Among its uses are
included: Testing the quality of sing-
ers' and speakers' voices, detecting vi-
brations in machinery parts, measur-
ing the speed of projectiles and deter-
mining the recoil action of guns, lo-
cating airplanes, ships, artillery and,
in physical examinations, studying
heart-beats and respiration.

MINE HEAD IS KILLED BY HIS SON-IN-LAW

NELSONVILLE MAN CLAIMS HIS LIFE WAS IN JEOPARDY

Governor Donahey Sends Five Men To Watch Situation In Coal Fields Where Workers Are Idle—Word Is Waited From Leaders of Factions On Proposal To Resume Wage Scale Conference.

Peter Merz, 60 years old, president of Lick Run Coal and Clay company, was shot and killed Thursday morning a short time after he returned home at Nelsonville from a tour of night duty in charge of guards on the property his company owned.

James McManaway, son-in-law of Merz, is held in Athens county jail on a charge of murder. He said he slew his father-in-law in self defense.

The mine company headed by Merz was operating its properties on a non-union basis and McManaway was prominent in mine union affairs in Athens county. This, however, is said not to have entered into the fatal quarrel, the trouble having been entirely domestic.

When McManaway surrendered to police he was suffering from a long cut on his neck that he said Merz inflicted with a knife before he shot him.

This story is attested by Mrs. Merz who said her husband returned from work in an intoxicated condition and soon began to beat and abuse his son.

Before the Lick Run mine was operated on an open-shop basis McManaway was president of the mine union composed of men who worked for the Lick Run company. At that time he and Merz are said to have had considerable disagreement.

Merz was widely known thruout the county and leaves a widow and ten children. McManaway has two children.

While Governor Donahey awaited action of coal operators and union miners of the central competitive field on his proposal for a resumption of their wage scale conference, Ohio national guard officers were dispatched as permanent observers to the scenes of recent disorders in five counties.

The governor's office was informed by Major John Edwards, stationed in "a domestic affair."

Athens county, that the shooting at Nelsonville was "a domestic affair." The governor's office was informed however, that McManaway had been active among union miners, opposing his father-in-law.

After suggesting that the proposed wage conference be conducted in Toledo August 15, at the National Guard armory, Governor Donahey, at his summer cottage on Indian Lake, adopted a policy of waiting.

While announcement was being made of the suggested conference at Toledo, Adjutant General Frank D. Henderson conferred with National Guard officials and assigned five officers to five counties to observe conditions there and to remain in the field indefinitely. Their particular mission is to report frequently to the capital how civil authority is coping with the situation.

Until Thursday's assignment of officers the adjutant general's department has intervened only to send men on specific missions of short duration into the various fields.

Newsprint for Four Years

It was ascertained in a survey for interesting statistics that in every four years there is enough newsprint to make a strip as wide as a daily newspaper reach from the earth to the sun and back.

Isn't it a misnomer to say the doctor "treats" you when he charges ten dollars for the call?

The new move was made "in anticipation of further disturbances between union and non-union miners and in the hope that sending of troops can be prevented," Adjutant General Henderson said.

Major Edwards' first move in the Athens county field was to meet with the county commissioners, Judge L. G. Worstell, of the common pleas court; Prosecutor R. D. Williams and Sheriff William Williams, to discuss the situation. As a result the sheriff was ordered to deputize 40 or 50 men to act as guards at the Lick Run mine and 15 to guard the mines at Lohrig.

Meanwhile Lieutenant O. E. Hardway, One Hundred and Sixty-sixth Infantry, who was investigating Thursday's disturbances at the Lick Run mine, where promiscuous shots were fired, moved on to Tuscarawas county to investigate the situation around the Newport mine, where there were disorders Monday. He will report from that field on what success Sheriff Abe Laird has met in deputizing a corps of 40 men.

DR. JOSEPH LEIST ESTATE.

An estate estimated at \$14,500 was left entirely to his widow, Mrs. Laura C. Leist, Columbus, by the late Dr. Joseph W. Leist, physician, who was drowned in the Olentangy river about two weeks ago in saving his son.

UNDERWENT OPERATION.

Mildred Ritchart, daughter of Mr. and Mrs. George Ritchart, of Columbus, formerly of Chillicothe, underwent an operation for the removal of her tonsils Thursday. Dr. C. G. Stewart performed the operation.

LEVINE'S PILOT

Maurice Drouhin, one of the best commercial pilots in France, who was engaged by Charles A. Levine to pilot the plane Columbia on the return flight from Europe.

Odd Punishment

Around 1800 the law had a "bite" to it in Trumbull county, Ohio, for an old history tells what a self-organized tribunal did to a man convicted of stealing from his fellow boarder. The defendant was sentenced to be "divested of his apparel, tied to a tree, and subjected to the bites of mosquitoes for an hour."

Poor Way to End Up

"Idleness," said Hi Ho, the sage of Chinatown, "is too often the ridiculous termination of a career that has been worthy and industrious."—Washington Star.

Chinese "Venice"

Soochow, one of the oldest and most famous cities in China, is known as the "Venice of the Far East," because of the large number of canals with which it is intersected.

President Coolidge Attends Farmers' Picnic

President and Mrs. Coolidge, with other notables, in the grandstand at the big farmers' picnic at the agricultural field station at Ardmore, S. D., and some of the prize-winning stock in front of the stand.

HAPPENINGS IN OUR STATE

Taken Direct From Wires By Correspondents of the United States Press Association.

Nelsonville — James Hoskins, 35, who was buried here today, lost his life at Philo when he attempted to rescue a drowning girl. The girl was saved by a relative of Hoskins.

Zanesville — Dr. Granville Warburton, prominent physician, indicted on two charges of arson by the recent grand jury, appeared in common pleas court, plead not guilty and was placed under \$1,000 bond in each case.

Athens — For the first time in the 123 years existence of Ohio university, there will be three commencements in a single college year when the third class of 1926-27 will be graduated August 12.

Lancaster — General Sherman's home here may be sold to the G. A. R., for a museum. The organizations option on the homestead expires this week.

Dayton — Twenty-seven prisoners escaped from the city workhouse during the month of June, according to a report filed here. This was nearly double the number during May when 14 escaped.

Dayton — Constables Earl Severs and W. J. Sidwell, now serving time in the Atlanta federal prison and Troy, Ohio, county jail, respectively, still hold their jobs according to a ruling of Edward C. Turner, attorney general. The constables were sentenced following conviction of conspiracy to violate the national prohibition law.

Lawyer Takes Client to Court in Airplane

St. Paul, Minn.—There are flying doctors, and the flying parsons are quite numerous, but a flying lawyer is somewhat of a novelty.

Second Lieut. Thomas M. Strickler of the One Hundred Ninth Aero squadron, an attorney, had a case at Olivia and decided to fly there with his client, T. G. Linnell, secretary of the Twin City Fire Insurance company.

So they hopped off and in 65 minutes landed at Olivia. In another 10 minutes they were in the courthouse. Fifty minutes later the case had been tried, a verdict returned for the lawyer-pilot, and 70 minutes later they were back in the Twin Cities.

NEWS ABOUT COURT HOUSE

General Happenings Taken From the Records of the Various County Offices

Condemnation.

The Chesapeake & Hocking Railroad company has filed a suit in common pleas court against Peter J. Blossor, Sallie T. Boggs, Morris Boggs and others, in which the plaintiff seeks to appropriate .34 of an acre owned by the Boggs family and .89 of an acre owned by Judge Blossor. The land is located on the Pickaway-Ross county line and has been sought by the railroad company ever since the construction of the road was begun. Wilson & Rector, of Columbus, and Charles H. May, of this city represent the railroad company.

Judgment by Confession

Harry W. Moler, executor of the estate of D. W. Moler has secured judgment by confession against C. C. Whitesides and Mrs. C. C. Whitesides for \$400.25 with interest at 8 per cent from August 4, 1927. C. A. Weldon represents the plaintiff.

Habeas Corpus Write.

Mary Engle an inmate of the Feeble-minded institution at Orient, has thru her mother, Mrs. Elizabeth Harper, filed a writ of habeas corpus in probate court, in which she seeks release from that institution, claiming that she has recovered. She was committed from Summit county in January, 1918. The hearing is set for August 18. Henry G. Stewart, of Akron represents the plaintiff.

Marriage License

Claude Johnson, 37, cement finisher and Mary Dunn, 41, both of this city.

Tesla Sees Air Fleets Using Wireless Power

New York.—Nicola Tesla, inventor of the alternating system of power transmission, in an interview on his seventy-first birthday predicted that airplanes and airships would be electrically driven by light electric motors receiving their power by wireless transmission from generating stations on earth.

Power for manufacturing and for light and heat, he believes, will flow freely through the air from central generating stations to wherever it is needed.

"I have already demonstrated experimentally that I can transmit power by wireless half way around the earth without loss of one-half of 1 per cent of it," he said.

DELIGHTFUL MOTOR TRIP.

Mrs. C. D. Closson and daughter, Helen, have returned from Bevard, North Carolina, where they spent a few weeks. The trip was made by motor thru North Carolina, Tennessee and Kentucky and they were accompanied by Mr. and Mrs. Kenneth Harris and Mrs. Charles R. Blundell.

HOMECOMING POSTPONED.

The annual homecoming at Brown's chapel, Ross county, which was scheduled for August 11, has been postponed until Thursday, August 18.

"POKER FACE" WINS

The photograph shows Helen Wills, more popularly known as "Poker Face," who recently returned from a victorious trip to Wimbledon where she captured the ladies' singles championship. Helen is the first American woman to capture the prize in twenty years.

Western Washington Cow Establishes New Record

Tolt, Wash.—Again a cow from western Washington has established a world's record, Carnation Walker Hazelwood having been officially credited with producing in a seven days' test, 627 pounds of milk and 43.22 pounds of butter. This is the best production for three-year-olds in any week test. Last year this heifer broke the world's record for yearly production in the two-year-old class with 1,200 pounds of butterfat.

Value of Phosphorus

Phosphorus, if present in too large a quantity, renders iron more brittle under shock, reduces the hot strength and tendency to segregate. On the other hand, it makes metal fluid and decreases contraction.

Comfort for the Many

Alas for idols! Very few of the world's big jobs are held by men who were vaudevilleans.—Buffalo News.

RIPE OLD AGE

Mrs. Jane Upp Rigdon, Born Near This City, Died in Lincoln, Illinois.

The death of Mrs. W. H. Rigdon, one of Lincoln's oldest and most respected citizens, occurred at the family home at the corner of Sixth and Maple streets, at 8:45 o'clock this morning. Mrs. Rigdon had been ill for about three months.

Jane Upp Rigdon was the daughter of Samuel and Eliza Ann Stollard Upp, who drove thru in a covered wagon from Fairfield county, Ohio, near Circleville, when she was 11 years old, and settled on a farm four miles northwest of Mt. Pulaski.

She was born in Fairfield county, Ohio, December 1, 1844 and was married October 11, 1866, being 82 years and seven months old.

She is survived by her husband, W. H. Rigdon, two sons, Leslie R., of Highland Park, Illinois, and Roy D., of Dallas, Texas, and one grandson, William Henry, son of Leslie R. One son, Arthur, was called by death, March 17, 1900, from sickness contracted in the Spanish-American war. Two other children died earlier in infancy.

On October 11, 1926, Mr. and Mrs. Rigdon celebrated their 60th wedding anniversary at their home, 202 Sixth street, where they had resided 59 years. The old farm home is still in the family.

Mrs. Rigdon had been a member of the First M. E. church of this city since 1869. She loved her church, and was an active worker in the foreign missionary society, social service and Mizpah Sunday school class until a few weeks before her death. She never missed a service when able to attend. She was also an active member of the Orphans' Home Rebekah lodge and was a Past Noble Grand of the order.

Her husband, two sons and daughters-in-law, and grandson, were with her during her last illness.

Mrs. Rigdon retained wonderful vivacity and youthfulness up to her last sickness. She always entered heartily into social affairs, church work and other activities for the promotion and advancement of any cause for the good of the community.

Funeral services Wednesday afternoon at 2:30 o'clock from the home in charge of Rev. E. V. Young. Interment in Union cemetery.—The Star Lincoln, Illinois.

SOLDIER BOYS HAVE REUNION ZWICKER PARK

The 29th annual reunion of the Fourth regiment, Ohio Volunteer Infantry of the Spanish-American war was held Friday at Zwicker park.

The veterans and their families held an all day outing at the park. There was no fixed program. The visitors enjoyed themselves picnicking and talking over old times. Officers for the coming year will be named and a place will be fixed to hold next year's reunion.

Captain Pritchard of Portsmouth, is president; Fred Donnelly, of this city, is vice president; George Zwerner, of Columbus, is secretary-treasurer, and Homer Wolf, of Marion, is chaplain.

Maybe She's Right

When a woman puts out a display of flowers, she has an air indicating that women invented flowers and that men do not care for them.—E. W. Howe's Monthly.

"The Bank That Makes You Feel At Home."

BROKEN WHEEL

Derails Chesapeake & Ohio Car Last Evening.

An east bound Chesapeake & Ohio freight train containing empty coal cars, was held up for a short time yesterday evening about 6:30 o'clock when a wheel on one of the cars near the end of the train, broke. The car was derailed near the crossing at the H. E. Riggins Produce Company plant in Western Avenue and the train continued its course by using the switch alongside the tracks at this point.

The Norfolk & Western wrecking crew was called from Portsmouth and arrived about 8 o'clock, replacing the broken wheel and righting the car in about ten minutes.

Your Engine Is No Exception.

As it grows older it will wear. As it wears it needs a new lubrication diagnosis. Give it an oil of more body. Sinclair provides in the line of Sinclair Opaline Motor Oils several different grades of oils to serve the various clearances and degrees of wear encountered in all engines. Why not drive in and consult the Sinclair Recommendation Index, perhaps there is a grade of Sinclair Opaline Motor Oil better for your engine than the one you are now using.

PEACE AND TAXES

Taxes to meet the requirements of war are devised almost overnight but experience shows that readjusting them to the requirements of peace is a long and arduous process. This is reflected in the appeal of the Chamber of Commerce of the United States to its fifteen hundred member organizations to co-operate with Congress in overhauling the present internal revenue system. This has been undertaken by the Joint Congressional Committee.

"The present internal revenue system," the Chamber says, "is essentially a war product and the revisions since the close of hostilities have been made in a more or less haphazard manner as existing circumstances might determine, and little provision has heretofore been made for securing the opinion of that most vitally interested section of the public—the taxpayers. The present situation, however, is quite different. The Congressional Joint Tax Committee is a continuing body and is very anxious to secure criticisms, comments, and constructive suggestions from the taxpayers."

The primary work of the committee, the Chamber points out, will not be in connection with rates, but rather with questions of administration and simplification, such as interest provisions, statutory time limits, capital gains and losses and other matters.

Immediate rate reductions will be considered by the House Ways and Means Committee. The Chamber reiterates its intention to press for the reduction of the corporation income tax rate to not less than ten per cent, repeal of the Federal estate tax and elimination of remaining war excise taxes.

Goes Back to Old Rome

Vitruvius was an architect of Rome, engaged in the practice of his profession a few years before the beginning of the Christian era. He published the book which bears his name about B. C. 25. Vitruvius mentions that floors of oak were nailed with iron nails. Oak floors today are nailed with steel cut or wire cut nails—through the side tongue—known as blind nailing.

The "Right" Oil May Be Wrong
The oil you always use may not be the right oil for your car today. And the right oil for today may not be correct a year from today. As your car grows older—your engine clearances increase. And you must change to heavier bodied oil.

We prescribe Sinclair Opaline Motor Oils in different grades to meet the changing condition of your engine. Consult the Sinclair Recommendation Index—see you are using the best lubricant for your car as it is today.

The Circleville Oil Co.

CRYSTAL MIST GASOLINE and OPALINE OILS

A guess in motor lubrication is always a hazard. The thing to do is to make sure. Why not drive around in your car—let us demonstrate how wear affects economical lubrication. Then let us recommend exactly the Sinclair Opaline Motor Oil you should be using to give your motor its proper lubrication.

We carry five grades of Sinclair Opaline Motor Oils. For your car—one of these five is better than the other four. It depends on the condition of your engine—the length of service—the degree of wear. The Sinclair Recommendation Index determines just the grade of Sinclair Opaline Motor Oil your car should have today.

HUGE PLANE
AS CARRIER

Detroit, Aug. 3.—(UP.)—A
huge monoplane, equipped to
land its cargo from mid-air while
travelling 100 miles an hour, was
exhibited today for the first time
at Ford airport.

The craft resembled an enor-
mous truck with wings attached.

Described as the largest air-
plane ever built, the craft meas-
ured 74 feet between the tips of
its wings.

The plane took off at 8 a. m.
EST for Curtiss Field, New
York, where it will be delivered
to the Royal Typewriter Com-
pany to be put in operation im-
mediately for the rapid transport
of typewriters to the 500
branches and agencies of the con-
cern throughout the country.

John A. Collings, veteran Ford
pilot, was at the controls and
Howard West accompanied him
as mechanic. A stop will prob-
ably will be made either at Belle-
fonte, Pa., or Hadley Field, N. J.

Edsel Ford said the use of air-
planes as air delivery will be
general in the near future. The
Ford Motor company has more
orders for commercial airplanes
than at any time since the estab-
lishment of its airplane division,
he said.

Only Rich, Nothing More

Some years ago there died a multi-
millionaire, and a newspaper man who
furnished news stuff to a syndicate of
papers wrote an article concerning
him. Six papers published his article
and five of them did not. One of the
five wrote the correspondent his rea-
son, saying: "The man was merely
rich; that was all there was to his
life."

How We Choose the Right Oil.

Perfect lubrication in your car!
What is it? Just a matter of select-
ing the one of the five grades of Sin-
clair Opaline Motor Oils that is
proper for your car's present condi-
tion. One of them is perfect for your
car—it fits the degree of wear of the
engine.

"Rialto's" Real Meaning

The word "Rialto" is a corruption
of the two words "Ribe Alto," which
literally mean "deep river." The cor-
rupted form was applied as the name
of an island in the Adriatic sea, which
became the business center of the
group of islands occupied by the city
of Venice. By the process of the asso-
ciation of ideas the term "Rialto" is
used as the synonym for the business
center of the city.

Hot Wind Explained

Berg wind is a dry, hot wind that
frequently blows from the north along
the coast of Cape Colony, South
Africa. It derives its name from the
berge or mountains, which lie in the
center of the colony, and its dryness
and heat from the arid country over
which it passes.

WHAT'S IN YOUR CRANK CASE?

The right oil takes the "crank" out
of your crank case! We've studied
them all and can report that the right
oil is a Sinclair Opaline Motor Oil—
chosen to suit the condition of your
motor. Show us your car—let us
consult with you as to just what
grade of oil your car should have
today.

ZENKER BROTHERS

124 East Main St. Circleville, O.
5th and Mound Sts. Columbus, O.

Woman Army Officer

The only woman who was ever com-
missioned regularly in the United
States army was Arabella Macomber
Reynolds, who was commissioned a
major by Governor Yates of Illinois in
recognition of her gallant conduct at
the battle of Shiloh. Her services are
mentioned twice in General Sherman's
memoirs.

Wool Sold as Cheese

A previous experience caused a re-
cent auction of wool in London to be
postponed because of fog. On one oc-
casion, in 1912, fog was so thick that
a large quantity of wool was sold as
cheese, the wool market being closed,
and so it will be henceforth during
heavy fogs, according to a correspond-
ent of the Sydney Bulletin.

PERSONALS

Israel Valentine was a business visitor in Columbus today.

Mrs. Mary E. Adams was a business visitor in Chillicothe today.

Mrs. Walter J. Dearth is visiting her sister, Mrs. Edward W. Bier in Chillicothe.

Mr. and Mrs. Charles Seigwald have returned home from an extended motor trip, east.

Miss Eleanor Miller has returned home from a visit with her aunt, Mrs. John Shirey in Columbus.

Mr. and Mrs. Arthur Steele leave Saturday for a visit with friends in Gary, Indiana and Chicago, Illinois.

Mrs. O. B. Mowery, of Laurelville, went to Columbus today to spend the weekend with Mrs. Will Garwood.

Miss Ruth Grice of Columbus, is spending her vacation with her grandmother, Mrs. Minnie Grice, of Williamsport.

Mrs. Donald P. Smith of Toledo, has returned to her home after a visit with her parents, Colonel and Mrs. C. E. Groce.

Kendall May chemist for the Pure Oil company, has gone to Newark, where he will be stationed for the next two weeks.

Mr. and Mrs. Harp Van Ripper have returned home from Lebanon where they were guests of Judge J. A. Runyan and Miss Mary Runyan.

Mr. and Mrs. Frank Smith went to Blissfield, Michigan to attend the funeral of Bernard Brubaker, son of Mr. and Mrs. Wallace Brubaker.

R. W. Wilkins, of Painesville, who has been spending his vacation with his parents, Mr. and Mrs. Charles Wilkins, at Frankfort, has returned home.

Misses Margaret Boggs and Charlotte Bell are expected home Sunday from Madison, Wisconsin, where they have completed a six weeks' course at Wisconsin university in physical education.

Mrs. William Shupe and Mrs. Harly Shupe of Laurelville, went to Lima Friday. The former will visit her sister, Mrs. David Moyer and the latter will visit her daughter, Miss Marjorie Shupe.

Mr. and Mrs. W. H. Mason and son Paul, and Misses Minnie and Ella Mason leave Saturday for Lafayette, Indiana where they will attend the Geyer-Primmer family reunion Sunday held at Columbia park, Lafayette.

Mr. and Mrs. A. J. Lytle, of Detroit, Michigan, are guests of his sister and brother-in-law, Mayor and Mrs. George M. Fitzpatrick. They came down to attend the reunion of the Fourth regiment, Ohio Volunteer Infantry.

Ex-representative and Mrs. Denny Cross, of Columbus, accompanied by Mrs. Mary DeZomba and sons, M. J. Andrew and Charles, and grandson, Stephen Rugent, of Pittsburgh, Pennsylvania, were visitors in the city Thursday.

Mr. and Mrs. A. S. Wrightsel and family, of Grand Rapids, Michigan, who have been guests of their parents, Mr. and Mrs. John Wrightsel, of Circleville township, have returned home. Miss Rosetta Wrightsel accompanied them home.

Mr. and Mrs. Frank U. Sanderson and son, Richard and daughter, Martha, of Washington D. C., are here visiting relatives. They have been guests of his sister, Mrs. Jesse Johnson, of New Holland, and her sister, Mrs. T. P. McCafferty, in Monroe township.

Chief of Police W. H. Warner has returned, from Washington D. C. where he delivered a deserter from the navy. While in the nation's capital he was the guest of his daughter, Mrs. Harry Radcliffe, and family. His daughter, Miss Bessie, remained for a month's visit with her sister.

N. O. Frye, agent for the American Railway Express company, accompanied by his wife and Mrs. John A. Lane left Thursday on a motor trip to Washington D. C., and Hendersonville, North Carolina. They will be joined at Zanesville by Mr. Frye's mother, Mrs. L. H. Frye, of Coshocton, who will accompany them. While at Hendersonville they will be guests of Miss Elizabeth Freese.

The Four Things That Matter. There are four qualities we look for in a motor oil:

1. It must give perfect lubrication.
2. It must leave the engine in clean condition.
3. It must be economical to use.
4. It must be free from impurities that damage the engine.

On these four counts we have chosen Sinclair Opaline Motor Oils and we recommend them to our customers.

The Circleville Oil Co.
30julyd&wtf.

WE PRINT THE NEWS**SOCIAL CALENDAR**

Mrs. J. E. Motchman, of this city, a recent bride, was given a luncheon and shower by the employees of state compensation department at the Hartman building in Columbus Friday. Mrs. Jacob Young and daughter, Miss Mabel, of this city were among the guests.

A number of relatives and neighbors gathered at the home of Mr. and Mrs. Charles E. Cook, on East Franklin street, Thursday evening, August 4, to surprise and also to help Miss Cook celebrate her birthday anniversary. Those present were Mr. and Mrs. George E. Cook and daughters, Sarah Jane and Rosemary, Mrs. W. H. Martin, Mrs. S. B. Crable, Mrs. S. F. VanGundy, Mrs. W. H. Wilkins, Mr. and Mrs. Elmer Cook, Mrs. John Stout and daughter, Mrs. Ella Lindsey, Mrs. Harry Kraft, Mrs. J. F. Mavis, Mary Mavis, Mrs. Minnie Burgett, Mrs. Ella Lamaster and daughter, Miss Carrie, Mrs. Will Compton, Irene and Russell Crable, Gerald Van Gundy, Roy and Eva Wilkins, Mrs. Marie Knece, Mrs. L. W. Curl, Mrs. Phil Beery, Anna Edith, Harold and Harriet Ellen Beery and the host and hostess, Mr. and Mrs. Charles E. Cook. A delicious picnic supper was served. All departed wishing Mrs. Cook many more such happy birthday anniversaries.

Quite a number of relatives and friends gathered at the home of Mr. and Mrs. Earl Lininger, Sunday, as a surprise on the latter's birthday anniversary. Those to enjoy the happy occasion were; Mr. and Mrs. Jesse Lininger, Mr. and Mrs. Harold Lininger, Mr. and Mrs. Jesse Lininger, Mr. and Mrs. Clyde Cook and son, Frank, Mr. and Mrs. Carl Graham and niece, Hazel Henneberger, of Frankfort, Mr. and Mrs. Charles Ward, of Columbus; Mr. and Mrs. Herbert Soderers, of Springfield, Mr. and Mrs. Abe Andrews and niece, Elizabeth Jane Dawson, Mr. and Mrs. Pearl Hosler and son, Galen, Ott Dawson and sons, Fred and Forest, Charles Lininger and sons, Paul, Alfred and Martin.—New Holland Leader.

The spacious home of Dr. and Mrs. John B. May and daughters, Lena and Elizabeth, was the scene of the annual reunion of the Holter and Penn families, Sunday at New Holland. The beautiful weather made possible the utilizing of the "pretty lawn for the occasion, the beautiful picnic dinner being spread on tables under the shade trees. The tables, attractively arranged and set, each bore large bouquets of summer flowers and potted plants. Delicious foods were served aplenty and it was a joyful hour to all those present. A very interesting program had been arranged and was rendered, much to the pleasure of all. The various numbers had just the right appeal for such an event. The following out of town guests were included in the reunion group; Colonel Julius A. Penn

and sister, Miss Jenny, Mrs. William R. Walker and Homer Hunt, of Batavia; Mrs. Robert Peet and son, Bobby, and Robert Cushman, of Richmond; Mr. and Mrs. E. J. Jonas, of Cincinnati; Mr. and Mrs. J. G. Holter, Mr. and Mrs. A. G. Simons' and daughters, Marion and Merle, of Columbus; Miss Harriet Stiner, of Wooster; Mrs. Pinta May, of Washington C. H.; Attorney and Mrs. C. H. May and children; David and Katherine, of Circleville; Mr. and Mrs. Fred Metcalf, Miss Enda Wharton and Mr. and Mrs. Tom Orr, of Chillicothe; Mr. and Mrs. Charles M. Clifton and sons, Rodger and Charles Jr., and Mr. and Mrs. Percy May were also present. — New Holland Leader.

**LEXINGTON
MAN KILLED
IDENTIFIED**

Notation in Book Leads to Belief That He Was Under cover Liquor Officer.

The possibility that a Cincinnati slain in Lexington, Kentucky, Wednesday, may have been connected with dry enforcement offices, was revealed late Thursday by Lexington police chief.

The man, A. J. Chandler, 54, Cincinnati, was found beaten and lying near Louisville & Nashville railroad track in Lexington.

Marks on the railing of the viaduct just above where Chandler was found indicated he had been dropped from the structure, a distance of 30 feet.

A pool of blood found on a street some distance from the viaduct led police to believe Chandler had been attacked, clubbed and then carried to the viaduct in an auto.

Notations found in a book in Chandler's possession were what gave the impression he had been an "undercover man."

Famous Irish Writer

Charles James Lever, the talented and popular Irish novelist, lived from 1806 to 1872. He was educated at Dublin for the medical profession, and then turned to literature. At the age of thirty years he had written the well-known stories, "Harry Lorrequer" and "Charles O'Malley." His books abound in rollicking good humor.

**AUCTION
SALE OF HOME

Terms Made Known on Day of Sale. Also at same time and place all household goods. 5augd3.

Authors' Titles Mean**Little to Producers**

Robert Chambers was speaking with some sarcasm about the way in which motion-picture companies change the main titles on their product instead of using the author's original title, already known to thousands of readers.

"Regardless of the defense that most of these titles are changed with the idea of getting something with more 'box-office title,'" said the noted novelist. "I contend that most of the changes are silly and meaningless and seldom fit the picture. I was greatly surprised when 'The Scarlet Letter' was released under its original title. Indeed, I had made a wager with a friend that instead of 'The Scarlet Letter,' they would call it 'How Hester Won Her A.'"

Would Form Vast Well

If all the oil wells drilled in the United States in 1926 were placed end to end they would form one great well 13,000 miles deep.

Cleaning Solutions

The speed of chemical reactions is increased by raising the temperature. Therefore, a hot ammonia solution is a better cleanser than a cold one. However, holding the temperature of the solution just below the boiling point would be almost as effective as to keep the solution boiling, except for the possible aid given by the vigorous agitation caused by boiling.

DID YOU CHANGE**THE SPARK PLUGS?**

A new set of Spark Plugs, at least once a year, will add pep to the motor. New spark plugs makes starting easier and save gas and oil. Install a new set of Champion's today and see what a difference it makes. R. L. BREHMER.

AMUSEMENTS

"Too Many Crooks" the farce comedy production which brings Mildred Davis back to the screen after an absence of four years had its local premier at the Met theater today.

Judging from the solid rounds of applause and hearty chuckles emanating from even the most staid theatergoers, the picture accomplishes all that was intended of it—and more.

Backed by a sterling cast which includes Lloyd Hughes, George Bancroft and El Brendel, a well constructed story and superb direction, the photoplay is one to be recommended most enthusiastically.

The work of Miss Davis, as the spoiled daughter of a rich father, who determines upon a playwright's career, is particularly, noteworthy. She displays a comedy sense equal to that of the most outstanding fun-makers on the screen today.

The story of "Too Many Crooks" from E. J. Rath's novel of the same name, was directed for Paramount by Fred Newmeyer, the man who made Richard Dix' "The Quarterback" and W. C. Fields' "The Potters." Others in the cast include William V. Mong, Betty Francisco, Otto Matiesen, Gayne Whittman, John St. Polis and Tom Ricketts.

Eastern Narcotic

Bhang is the East Indian name for the common variety of hemp. In hot climates the plant develops narcotic and intoxicating properties, on which account its leaves and seeds are chewed. An intoxicating drug, hashish, is obtained from a gum that exudes from the plant.

SEALED PROPOSALS

Will be received by the Depository Commission of the City of Circleville, Ohio, at the office of Fred R. Nicholas, clerk of said Commission, in the Masonic Temple in the City of Circleville, Ohio, until 12 o'clock, noon, on the 8th day of September, 1927, for the deposit of all funds belonging to the City of Circleville, Ohio (except school funds) and also (excepting City Sinking Funds) for the period of two years from the 23d day of October, 1927, from the banks, banking companies and trust companies located within Pickaway County, Ohio, in accordance with Ordinance No. 122 of the Ordinances of said City, to which ordinance reference is hereby made for greater certainty.

Said proposals shall state the rate of interest that will be paid on the average daily balance, for the use of said money and also the kind of securities that will be offered in case the proposal is accepted.

Said bids shall be sealed and endorsed "Bid for the use of City Funds" and addressed and delivered to the undersigned.

No separated bid, nor a bid for less than the entire amount of money to be deposited, will be considered.

Said Commission reserves the right to reject any and all bids.

By order of the Commission.
FRED R. NICHOLAS,
5augd2. Secretary.

NOTICE.

Sealed Proposals will be received by the Board of Education of the City School District of the city of Circleville, Ohio, at the office of the Clerk of said Board, in Circleville, Ohio, until 12 o'clock, noon.

SEPTEMBER 2, 1927
and opened by the Clerk of said Board at its first public meeting thereafter, for the labor and material necessary for the erection of a WORK SHOP on the school grounds on South Court Street, in said city, under the plans and specifications on file with said Clerk.

Bids will be received for this work as a whole or on part thereof, to-wit:
1. Excavation and foundation.
2. Building.

All proposals shall be made in conformity with the General Code of Ohio and shall be enclosed in a sealed envelope addressed to the Board of Education of the Circleville City School District, and endorsed "Proposals for Contract on Work Shop" on the outside of the envelope.

Each bid shall be accompanied by a sufficient bond or guaranty to the amount of ten (10) per cent of the bid, that if the bid be accepted a contract will be entered into and the performance properly secured. A bond of fifty (50) per cent of the amount of contract, with satisfactory sureties, will be required for the faithful performance of the work.

The Board of Education reserves the right to reject any or all bids.
By order of the Board of Education.
J. R. NOECKER, Clerk.

A ton of FREE COAL

Thousands got it last summer
Thousands are getting it this summer
Are you?

THOUSANDS of people joined Heatrola Free Coal Clubs last Summer and kept cozy for weeks last Winter at our expense! Thousands who join now will receive a whole ton of coal in the Fall with our compliments. Free.

Don't wait. Take time to visit our store today. Join our Heatrola Free Coal Club—it costs only \$2 for membership, and \$2 a week until Fall. That's all there is to it.

Except that, early in the Fall, we'll send to your home a free ton of coal and a new 1927 model Heatrola—the beautiful heater that looks like a fine piece of furniture and acts like a basement furnace!

Your membership fee and weekly payments of \$2 are your first down payment on your Heatrola—you can take care of the balance on easy terms.

If you want cozy comfort in every room of your house next winter—if you want much smaller fuel bills in the future—if you want to get rid of dirty, wasteful stoves forever—

Join the Heatrola Free Coal Club—
Open Only from July 30th to August 20th
—and Get a Ton of Coal FREE

FARM MORTGAGE LOANS.
An unlimited amount of money to loan at 5% interest on improved farm lands for 5 or 10 years. Best of

Charles H. May,
Pythian Castle.

Porcelain Distinction
The first considerable porcelain works in England were at Bow and Chelsea. The most usual marks of Bow are an anchor and dagger combined in various ways, while Chelsea is characterized by three unglazed spots on the bottom of the piece.

STAGE PLAYERS

Looked Upon Early Movies With Scorn.

Fifteen years have made a big change in the attitude of the stage player towards working for the movies, points out Lillian Gish, quoted in an article by Sidney Sutherland in this week's Liberty. Today, the large salaries paid for movie work make the people of the "legitimate" stage very willing to work in the pictures and many stars have deserted the stage for good.
But in 1913, says Miss Gish, when she and her sister Dorothy first went into movie work, things were different. Stage stars went into the movies reluctantly then. "Indeed," Miss Gish is quoted, "I knew several actors and actresses who had crept anonymously into jobs before the camera, their anonymity being assumed because of their shame and because they feared to displease the chieftains of the speaking stage, who were fighting the new art so bitterly."

FEEDS of all kinds.

ONE HUNDRED MILLION DOLLARS IN GOLD PIECES

To Be Coined—Heavy Trade Shipments Make Necessary Immense Reserve In Treasury.

Denver, Aug. 3.—America's gold reserve, approximately \$4,500,000,000, will be added to when United States mints in Denver, Philadelphia and San Francisco begin to coin an additional \$100,000,000 in the yellow metal in a few days.
The new coinage, according to Robert J. Grant, mint director here, will be all in \$20 gold pieces, and has been ordered by the treasury department as a reserve for \$300,000,000 in gold certificates that Uncle Sam will shortly issue.
Heavy shipments of merchandise in the regular trade channels, according to Grant, are responsible for most of the gold recently accumulated in the United States.
Smuggling, however, also plays a part in bringing gold into this country, especially from Mexico, Grant said. Mexican gold, originating along the Mexican border, is going to San Francisco banks.
Grant revealed the fact that of all the "small change" coins made in the United States, 95 per cent are used west of Chicago, declaring that the Denver mint alone sends out shipments in car load lots.
Grant said that one of the perpetual puzzles to mint directors was the disposition of millions of pennies coined. "No one seems to know what becomes of all the pennies," Grant said, "but the mints keep busy coining them."

Explorer Rescued
Lieut. Adolphus W. Greeley and six companions, survivors of the Greeley Arctic expedition which had sailed in 1881 and was lost, were found on June 22, 1884, by a search party from a squadron of relief ships.

Father's Position
A father is a member of the male species who is supposed to spend one-half his time doing the things his family wants him and the other half answering their complaints because he did it.—Baltimore Sun.

Canoeing Sport Revived
The old Indian practice of canoeing was slowly but surely dying out when it was brought back to life by the organization of the American Canoe association in 1880. Due to the work of this association canoeing today is one of the most popular of summer sports.

That Old Sex Problem
Woman's privilege is to believe men can mend latches; man's privilege is to expect women to be able to work the latches he has mended.—American Magazine.

IF. PERCHANCE—
You may be using the proper grade of motor oil in your engine—but there is a possibility that you are not. May we explain to you why we recommend the different grades of Sinclair Opaline Motor Oils on the basis of the condition of your engine? We can relieve you of your lubricating worries.
The Circleville Oil Co.

Wherever there is advancement there must be a pace maker.
To set the pace in obtaining greater stock-car speed, requires first setting the pace in designing improved stock cars and building them better and more durable than cars have ever been constructed before.
There was a time when the announce-

ment of a "new model" by a manufacturer was accepted by the public as sufficient proof of new car values.
But not so today. A new model means nothing if unaccompanied by new PROOFS of better performance.
The car itself must be the answer.
E. L. Cord

Who Killed Cock Robin?

Two or three automobile manufacturers today claim to build "America's Fastest Stock Car."
Auburn claims 80 miles an hour for its 8-88 stock car. (This claim has no strings tied to it).
Auburn proves its 8-88 stock car is capable of 90 miles per hour.
At Salem, N. H. Speedway July 4th an Auburn 8-88 won the 100 mile stock car race with the remarkable average of 89.19 miles per hour. As a contender, was a German make of car costing \$13,000 of much greater piston displacement and equipped with super-charger.
Also in a recent stock car race, open to the entire automobile industry, at Atlantic City Speedway under American Automobile Association sanction, the two leading cars finished only one-fifth of one second apart... 75 miles in about 52 minutes. Amazing

performance for both cars. Especially for the Auburn stock car, the list price of which is \$1500 less.
Such performance proves conclusively that Auburn cars are perfectly engineered and built or something would have prevented this sustained performance.
A stock car that is capable of sustained, high-speed with unfaltering efficiency and without injuring itself, will not only do your ordinary requirements smoother and easier, but will also do them indefinitely without the effort, wear and tear that would work havoc with a car of less capabilities.

Who builds "America's Fastest Stock Car"?
DRIVE the new Auburn—if it does not do ALL things YOU demand of a car BETTER than any other, you will not be asked to buy.

Cedar in Orchards
The Department of Agriculture says that the presence of a cedar tree in an orchard may or may not be detrimental, depending upon the variety of the apples. The disease known as cedar rust requires both a cedar tree and an apple tree in order to complete the life cycle. Some varieties of apples are immune, while others are highly resistant.

When the Old Engine Lacks Pep
When you feel the lack of full compression in the motor of your car—you need to change to a heavier grade of Sinclair Opaline Motor Oil. As cars add mileage, engines wear. Wear in the cylinders must be corrected with heavier oil to seal the increased clearance, unless the clearances are so great that you should have the rings refitted or new pistons. Let us help you determine the proper oil.

SEVEN WHO DIED "IN
LEAD OF US ALL!"

Advance of Heroic Platoon On
Montfaucon Recalled as Bod-
ies of Young Yanks Are
Found.

Washington.—In the shell-wracked earth about Montfaucon, where nine years ago American and German lines were locked in the grim struggle of the Meuse-Argonne drive, the bodies of seven young Americans of the Seventy-ninth Division, who gave their lives for the flag in that fight, were found at last to end the long suspense of grieving relatives.

Late in June, rewarding a search that had lasted for almost a decade, field workers of the Graves Registration Service in Paris struck a filled shell hole where the bodies lay. They were ranged in their common grave in an orderly row, placed there almost beyond doubt, not by comrades, but by enemy hands.

Identity of the seven dead was made certain when the double identification discs were found upon each body.

In the group were numbered the casualties of a platoon of Company F, Three Hundred and Fifteenth Infantry, including Lieutenant William A. Sheehan, of this city, platoon commander—casualties incurred the morning of September 29, 1918. That morning the four-day advance of the division was held in check by German resistance, organized in the woods near which the bodies were found.

Sheehan and his platoon had driven on a little beyond the line of the other platoons in the last attack on these woods. The young officer and six men of his detachment already had been ordered back for reorganization of the line when they fell.

Where Science Fails
Medical science, lengthening the span of life, is constantly enlarging the number of old people. But prosperity and modern inventions are taking away the little tasks that used to keep them occupied.—Woman's Home Companion.

SKYSCRAPER TO BE
FINISHED IN 1929

Pittsburgh, Pa., Aug. 3.—"The Cathedral of Learning" of the University of Pittsburgh, the first college skyscraper in this country, which will cost \$8,000,000, will be completed in 1929, according to information from college officials.

The foundation of this unique college building, which will contain 33 stories, has been completed. The building will house all departments of the University of Pittsburgh.

The size of the structure can be visualized when it is planned that the first two floors of the edifice will occupy nearly two acres, while each succeeding floor will be smaller than the one below it—the structure resembling an enormous pyramid.

The largest room to be known as the commons, will cover approximately 15,000 square feet, it was said.

The upper floors will be used exclusively as laboratories.

"Friendly" Flower Names

A scientific man who indulges in an amateur way his taste for gardening says that he likes to know the scientific names of flowers, of course, but that in gardening the names he cares most for are the common names. These, he says, are like the nicknames and pet diminutives one keeps for intimate friends—not formal, not businesslike nor dignified, but just friendly.

Safety in The Buckeye--Convenience

Many people have learned from bitter experience that there is a point beyond safety in investment.

It is risking principal to seek excessive yield, or income.

THE BUCKEYE meets all requirements of conservative, safe investing. Its 5% Certificates of Deposit are issued for large or small amounts. Interest from date, payable or compounded semi-annually.

THE BUCKEYE has no branches, but people in all parts of Ohio and elsewhere invest by mail. Prompt service, both for deposits and withdrawals.

RESOURCES OVER \$35,500,000 RESERVE AND SURPLUS \$1,700,000

PRESIDENT'S

Naval Limitations Conference Is
About To Adjourn.

Geneva, Aug. 3.—(UP.)—Final word from Washington before adjournment of President Coolidge's naval limitations conference was awaited today with the possibility that the conference might agree on a naval holiday for several years.

Conference circles took the attitude that it was Washington's turn to speak before tomorrow's plenary conference, should the United States accept this naval holiday proposal, originally made by the British and revived by the Japanese, the conference would have achieved something more than failure.

The British and Japanese delegations said today that the situation had not changed, which meant the stalemate continued.

Honor in Medicine

The degree of F. A. C. S. (Fellow American College of Surgeons) is bestowed upon a doctor when he has distinguished himself in surgery. This degree may be conferred upon any doctor who is a graduate of the leading medical schools of the country.

Early Abolitionists

The first protest against slavery in the United States was made in 1688 by the Society of Friends in Germantown, Pa., according to an answered question in Liberty.

No Germs in Hail

Hailstones do not contain germs, because they are formed by freezing in the higher levels of the air. Water is evaporated before it becomes hailstones and is practically the same as distilled water.

Ammonia Bottles

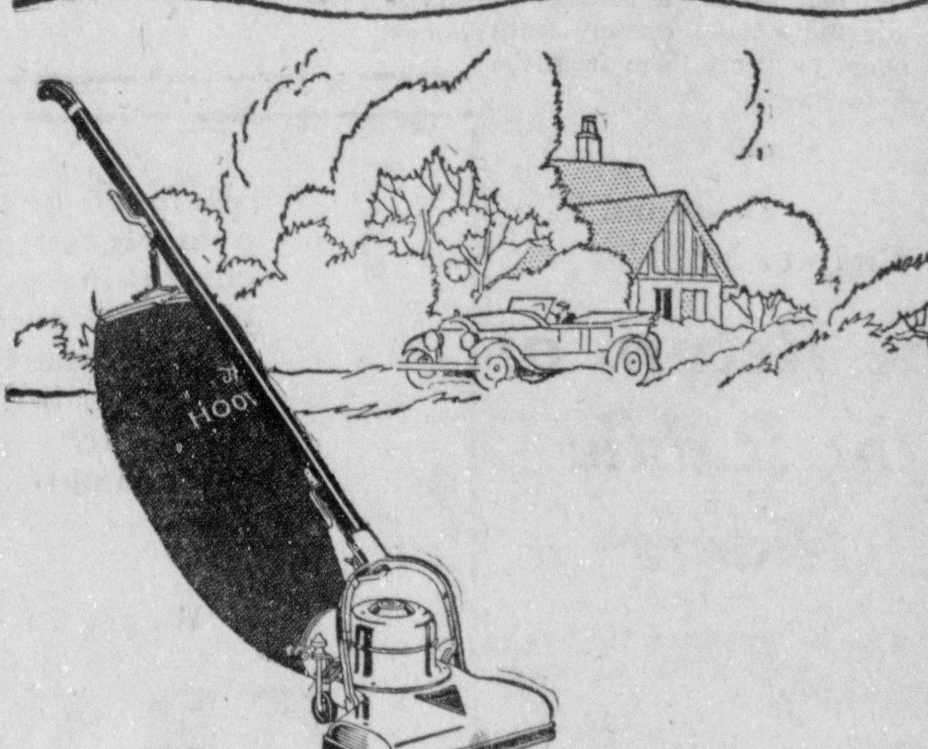

Ammonia will evaporate very quickly unless the bottle is kept tightly corked.

Reaching the Heart

A heart-to-heart talk is one of those things that generally result in taking all the heart out of you.

One Auto in U. S. for Every Five Citizens

Washington.—The United States has
one automobile in operation for each
five of its citizens, the automobile
division of the Department of Com-
merce announces, basing its figures on
a recent survey.

Statistics for the world as a whole
showed 27,650,267 machines in opera-
tion at the beginning of the year, or
one for each sixty-six of the popula-
tion.

In Canada and Hawaii there is one
machine to each eleven of population
while New Zealand has one to twelve
Australia and Denmark one to seven
teen, Great Britain one to forty-three
Argentina one to forty-five, and
France one to forty-six.

It was estimated that 95 per cent
of all the automobiles operating in
the world are of American origin,
though a considerable proportion of
them were assembled in foreign
branches of American factories.

Men who pretend to understand
women thereby convince themselves
of being pretenders.

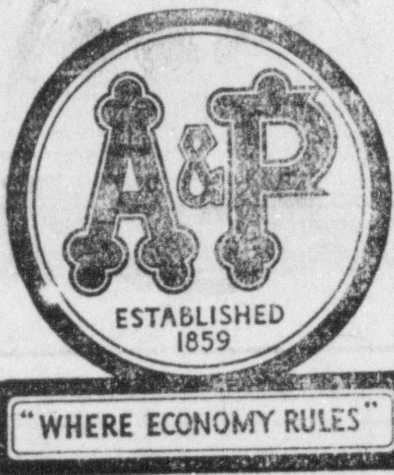

We have never had to foreclose
a mortgage on a home. Our
careful investigation of borrow-
ers, and careful appraisal of

NEW BOOKS FOR YOUNG PEOPLE.

During vacation days the Public
library takes stock of the volumes up
on the shelves and endeavors to have
all books in as good shape as possible
for the opening of the school year.
Books, beyond the hope of repair, are
as far as possible, replaced by new
copies or rebound and their useful-
ness prolonged.

During the present summer the re-
placement of worn out books has in-
cluded the following for young peo-
ple of high and grammar school age.
Some are old favorites, others, new
titles.

Birkhead — Heroes of Modern
Europe.

Bourne & Benton—Story of Ameri-
ca and Great Americans.

Brooks—Stories of South America.
Bryant— Children's Books of Cele-
brated Sculpture.

Camp—Book of Sports and Games.
Cather — Boyhood Stories of Fa-
mous Men.

Cather — Girlhood Stories of Fa-
mous Women.

Clark—Suppose We Play.

Clarke & Dawson—Baseball.

Clark & Quigley—Etiquette, Jr.

Collins — Amateur Electrician's
Handbook.

Collins—Book of the Microscope.

Conkling—Silverhorn.

Darrow—Masters of Science and
Invention.

Drinkwater —The Way of Poetry.

Fabre— This Earth of Ours.

Hall—Home Handicraft for Boys.

Hall—Home-made Games and Game
Equipment.

Hall & Perkins — Handicraft for
Handy Girls.

Hawks—Engineering for Boys.

Holland—Historic Inventions.

Huntington—Asia.

Ingersoll—Book of the Ocean.

Jenks—We and Our Government.

Johnson—We and Our Work.

Kipling—Songs for Youth.

Kummer—First Days of History.

Kummer—First Days of Knowl-
edge.

Kummer—First Days of Men.

Lang—Red True Story Book.

La Prade —Alice in Orchestralia.

Latimer — Your Washington and
Mine.

LaVarre — Up the Mazaruni for
Diamonds.

Minchin—The Jester's Purse.

Mosely—Trees, Stars and Birds.

Newboldt — Book of the Happy
Warrior.

Nusbaum—Deric in Mesa Verde.

Parker & Cowles—Book of Plants.

Parkman—Conquests of Invention.

Patri—The Spirit of America.

Patteson — How to Have Bird
Neighbors.

Payne—We and Our Health.

Putnam—David Goes to Greenland.

Putnam—David Goes Voyaging.

Quennell — Everyday Life in the
Old Stone Age.

Quennell — History of Everyday
Things in England.

Rawson — Boy's Eye View of the
Arctic.

Salisbury—Boys' and Girls' Cali-
fornia.

Slocum—Sailing Alone Around the
World.

Smith — Heroines of Legend and
Story.

Smith—Human Geography.

Snow & Froehlich — A Hundred
Things a Girl Can Make.

Starr—American Indians.

Starr—Strange Peoples.

Stone — Everyday Life in the
Colonies.

Towers — From Beacon Fires to
Radio.

Untermeyer—This Singing World.

Wilmot-Buxton—Jeanne d'Arc.

Yates—Boys' Playbook of Chem-
istry.

Cotton to Cover Sausage

Sausage coverings made from a cel-
lulose by-product of cotton are to re-
place animal casings. That ought to
make sausage taste better. Sausages
packed in the cellulose casings are
perfectly comestible and may be
cooked in any manner. Chemists dis-
covered the process. Casings, now in
general use, are sheep casing from
China, Russia, the Levant, New Zea-
land, Australia, western Europe and
South America. Hog casings come
from native hogs or are imported from
China. Even with care the cleaners
and graders of natural casings were
unable to turn out a really clean, uni-
form article, or one free from holes,
weak spots, deterioration or other de-
fects. Bring on the new casings—
Capper's Weekly.

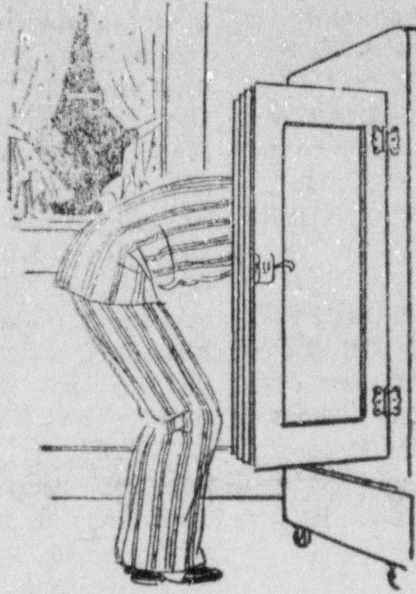

Records Vibrations

A device, known as an "Oslo," has
been perfected for recording the char-
acteristics of any vibration. It con-
sists of a mirror, 1-300th of an inch
thick and to the eye no more than a
fleck of light, which is the heart of
the invention. Among its uses are
included: Testing the quality of sing-
ers' and speakers' voices, detecting vi-
brations in machinery parts, measur-
ing the speed of projectiles and deter-
mining the recoil action of guns, lo-
cating airplanes, ships, artillery and,
in physical examinations, studying
heart-beats and respiration.

Porcelain Distinction

The first considerable porcelain works in England were at Bow and Chelsea. The most usual marks of Bow are an anchor and dagger combined in various ways, while Chelsea is characterized by three unglazed spots on the bottom of the piece.

When the Children Come Trudging In..

Is there something about the looks of their shoes that remind you that cheap materials can be made to look nice when a shoe is new, but that it soon goes to pieces on the romping feet of an active boy or girl?

Or are your children wearing our Poll-Parrot shoes, the kind that keep their shape and give such excellent service because they're made up to that high standard of solid leather value? That's the kind of materials the makers of "Star Brands" put in their shoes.

Poll-Parrots stay with busy feet. Let us fit them.

Mack's Shoe Shop

"Good Shoes For Less"

**STAGE PLAYERS**

Looked Upon Early Movies With Scorn.

Fifteen years have made a big change in the attitude of the stage player towards working for the movies, points out Lillian Gish, quoted in an article by Sidney Sutherland in this week's Liberty. Today, the large salaries paid for movie work make the people of the "legitimate" stage very willing to work in the pictures and many stars have deserted the stage for good.

But in 1913, says Miss Gish, when she and her sister Dorothy first went into movie work, things were different. Stage stars went into the movies reluctantly then. "Indeed," Miss Gish is quoted, "I knew several actors and actresses who had crept anonymously into jobs before the camera, their anonymity being assumed because of their shame and because they feared to displease the chieftains of the speaking stage, who were fighting the new art so bitterly."

FEEDS of all kinds.

ONE HUNDRED MILLION DOLLARS IN GOLD PIECES

To Be Coined—Heavy Trade Shipments Make Necessary Immense Reserve In Treasury.

Denver, Aug. 3.—America's gold reserve, approximately \$4,500,000,000, will be added to when United States mints in Denver, Philadelphia and San Francisco begin to coin an additional \$100,000,000 in the yellow metal in a few days.

The new coinage, according to Robert J. Grant, mint director here, will be all in \$20 gold pieces, and has been ordered by the treasury department as a reserve for \$300,000,000 in gold certificates that Uncle Sam will shortly issue.

Heavy shipments of merchandise in the regular trade channels, according to Grant, are responsible for most of the gold recently accumulated in the United States.

Smuggling, however, also plays a part in bringing gold into this country, especially from Mexico, Grant said. Mexican gold, originating along the Mexican border, is going to San Francisco banks.

Grant revealed the fact that of all the "small change" coins made in the United States, 95 per cent are used west of Chicago, declaring that the Denver mint alone sends out shipments in car load lots.

Grant said that one of the perpetual puzzles to mint directors was the disposition of millions of pennies coined. "No one seems to know what becomes of all the pennies," Grant said, "but the mints keep busy coining them."

Explorer Rescued

Lieut. Adolphus W. Greeley and six companions, survivors of the Greeley Arctic expedition which had sailed in 1881 and was lost, were found on June 22, 1884, by a search party from a squadron of relief ships.

Father's Position

A father is a member of the male species who is supposed to spend one-half his time doing the things his family wants him and the other half answering their complaints because he did it.—Baltimore Sun.

Canoeing Sport Revived

The old Indian practice of canoeing was slowly but surely dying out when it was brought back to life by the organization of the American Canoe association in 1880. Due to the work of this association canoeing today is one of the most popular of summer sports.

That Old Sex Problem

Woman's privilege is to believe men can mend latches; man's privilege is to expect women to be able to work the latches he has mended.—American Magazine.

IF. PERCHANCE—

You may be using the proper grade of motor oil in your engine—but there is a possibility that you are not. May we explain to you why we recommend the different grades of Sinclair Opaline Motor Oils on the basis of the condition of your engine? We can relieve you of your lubricating worries.

Who Killed Cock Robin?

Two or three automobile manufacturers today claim to build "America's Fastest Stock Car."

Auburn claims 80 miles an hour for its 8-88 stock car. (This claim has no strings tied to it).

Auburn proves its 8-88 stock car is capable of 90 miles per hour.

At Salem, N. H. Speedway July 4th an Auburn 8-88 won the 100 mile stock car race with the remarkable average of 89.19 miles per hour. As a contender, was a German make of car costing \$13,000 of much greater piston displacement and equipped with super-charger.

Also in a recent stock car race, open to the entire automobile industry, at Atlantic City Speedway under American Automobile Association sanction, the two leading cars finished only one-fifth of one second apart.. 75 miles in about 52 minutes. Amazing

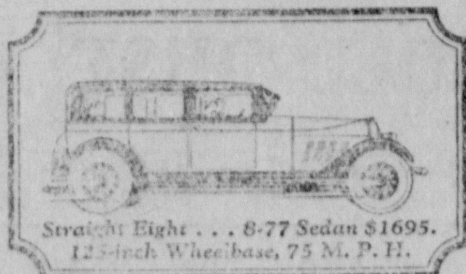

performance for both cars. Especially for the Auburn stock car, the list price of which is \$1500 less.

Such performance proves conclusively that Auburn cars are perfectly engineered and built or something would have prevented this sustained performance.

A stock car that is capable of sustained, high-speed with unfaltering efficiency and without injuring itself, will not only do your ordinary requirements smoother and easier, but will also do them indefinitely without the effort, wear and tear that would work havoc with a car of less capabilities.

Who builds "America's Fastest Stock Car"?

DRIVE the new Auburn—if it does not do ALL things YOU demand of a car BETTER than any other, you will not be asked to buy.

Cedar in Orchards
The Department of Agriculture says that the presence of a cedar tree in an orchard may or may not be detrimental, depending upon the variety of the apples. The disease known as cedar rust requires both a cedar tree and an apple tree in order to complete the life cycle. Some varieties of apples are immune, while others are highly resistant.

SEVEN WHO DIED "IN LEAD OF US ALL!"

Advance of Heroic Platoon On Montfaucon Recalled as Bodies of Young Yanks Are Found.

Washington.—In the shell-wracked earth about Montfaucon, where nine years ago American and German lines were locked in the grim struggle of the Meuse-Argonne drive, the bodies of seven young Americans of the Seventy-ninth Division, who gave their lives for the flag in that fight, were found at last to end the long suspense of grieving relatives.

Late in June, rewarding a search that had lasted for almost a decade, field workers of the Graves Registration Service in Paris struck a filled shell hole where the bodies lay. They were ranged in their common grave in an orderly row, placed there almost beyond doubt, not by comrades, but by enemy hands.

Identity of the seven dead was made certain when the double identification discs were found upon each body.

In the group were numbered the casualties of a platoon of Company F, Three Hundred and Fifteenth Infantry, including Lieutenant William A. Sheehan, of this city, platoon commander—casualties incurred the morning of September 29, 1918. That morning the four-day advance of the division was held in check by German resistance, organized in the woods near which the bodies were found.

Sheehan and his platoon had driven on a little beyond the line of the other platoons in the last attack on these woods. The young officer and six men of his detachment already had been ordered back for reorganization of the line when they fell.

Where Science Fails
Medical science, lengthening the span of life, is constantly enlarging the number of old people. But prosperity and modern inventions are taking away the little tasks that used to keep them occupied.—Woman's Home Companion.

SKYSCRAPER TO BE FINISHED IN 1929

Pittsburgh, Pa., Aug. 3.—"The Cathedral of Learning" of the University of Pittsburgh, the first college skyscraper in this country, which will cost \$8,000,000, will be completed in 1929, according to information from college officials.

The foundation of this unique college building, which will contain 33 stories, has been completed. The building will house all departments of the University of Pittsburgh.

The size of the structure can be visualized when it is planned that the first two floors of the edifice will occupy nearly two acres, while each succeeding floor will be smaller than the one below it—the structure resembling an enormous pyramid.

The largest room to be known as the commons, will cover approximately 15,000 square feet, it was said.

The upper floors will be used exclusively as laboratories.

"Friendly" Flower Names
A scientific man who indulges in an amateur way his taste for gardening says that he likes to know the scientific names of flowers, of course, but that in gardening the names he cares most for are the common names. These, he says, are like the nicknames and pet diminutives one keeps for intimate friends—not formal, not businesslike nor dignified, but just friendly.

Safety in The Buckeye--Convenience

Many people have learned from bitter experience that there is a point beyond safety in investment.

It is risking principal to seek excessive yield, or income.

THE BUCKEYE meets all requirements of conservative, safe investing. Its 5% Certificates of Deposit are issued for large or small amounts. Interest from date, payable or compounded semi-annually.

THE BUCKEYE has no branches, but people in all parts of Ohio and elsewhere invest by mail. Prompt service, both for deposits and withdrawals.

PRESIDENT'S

Naval Limitations Conference Is About To Adjourn.

Geneva, Aug. 3.—(U.P.)—Final word from Washington before adjournment of President Coolidge's naval limitations conference was awaited today with the possibility that the conference might agree on a naval holiday for several years.

Conference circles took the attitude that it was Washington's turn to speak before tomorrow's plenary conference, should the United States accept this naval holiday proposal, originally made by the British and revived by the Japanese, the conference would have achieved something more than failure.

The British and Japanese delegations said today that the situation had not changed, which meant the stalemate continued.

Honor in Medicine
The degree of F. A. C. S. (Fellow American College of Surgeons) is bestowed upon a doctor when he has distinguished himself in surgery. This degree may be conferred upon any doctor who is a graduate of the leading medical schools of the country.

Early Abolitionists
The first protest against slavery in the United States was made in 1688 by the Society of Friends in Germantown, Pa., according to an answered question in Liberty.

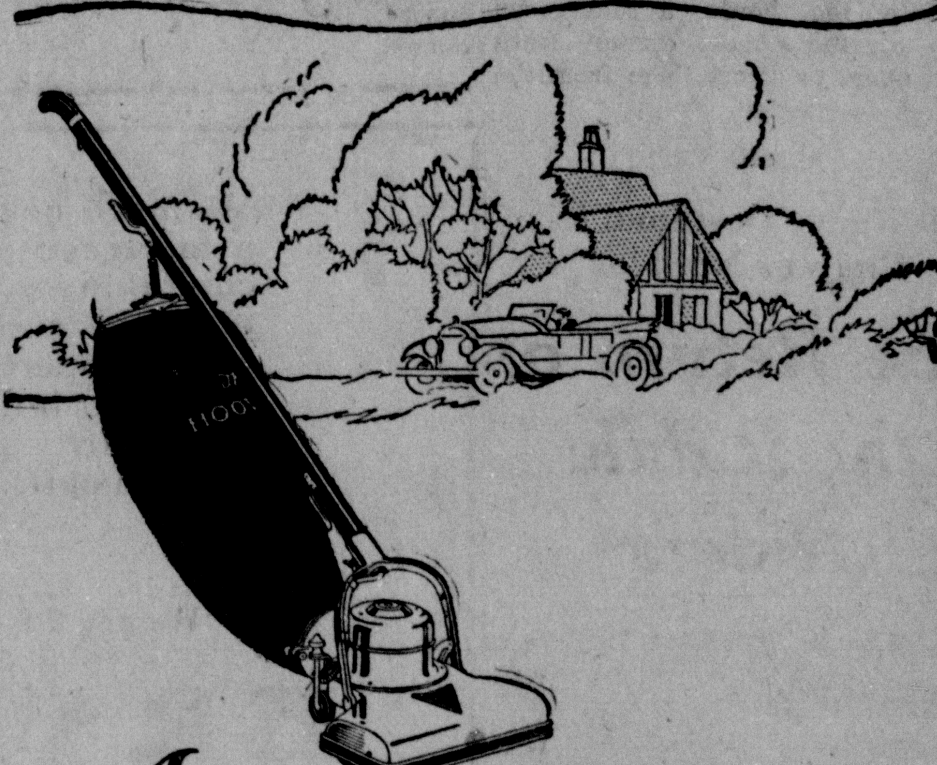

No Germs in Hail
Hailstones do not contain germs, because they are formed by freezing in the higher levels of the air. Water is evaporated before it becomes hailstones and is practically the same as distilled water.

Ammonia Bottles
Ammonia will evaporate very quickly unless the bottle is kept tightly corked.

Reaching the Heart
A heart-to-heart talk is one of those things that generally result in taking all the heart out of you.

One Auto in U. S. for Every Five Citizens

Washington.—The United States has
one automobile in operation for each
five of its citizens, the automobile
division of the Department of Com-
merce announces, basing its figures on
a recent survey.

Statistics for the world as a whole
showed 27,650,267 machines in opera-
tion at the beginning of the year, or
one for each sixty-six of the popula-
tion.

In Canada and Hawaii there is one
machine to each eleven of population
while New Zealand has one to twelve
Australia and Denmark one to seven
teen, Great Britain one to forty-three
Argentina one to forty-five, and
France one to forty-six.

It was estimated that 95 per cen-
of all the automobiles operating in
the world are of American origin
though a considerable proportion of
them were assembled in foreign
branches of American factories.

Men who pretend to understand
women thereby convince themselves
of being pretenders.

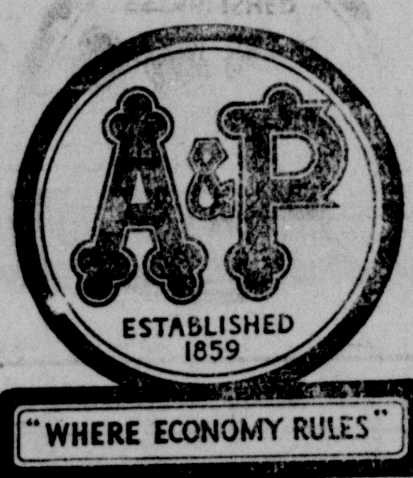

We have never had to foreclose
a mortgage on a home. Our

Colonies.

Towers — From Beacon Fires to
Radio.

Untermeyer—This Singing World.

Wilmot-Buxton—Jeanne d'Arc.

Yates—Boys' Playbook of Chem-
istry.

Cotton to Cover Sausage

Sausage coverings made from a cel-
lulose by-product of cotton are to re-
place animal casings. That ought to
make sausage taste better. Sausages
packed in the cellulose casings are
perfectly comestible and may be
cooked in any manner. Chemists dis-
covered the process. Casings, now in
general use, are sheep casing from
China, Russia, the Levant, New Zea-
land, Australia, western Europe and
South America. Hog casings come
from native hogs or are imported from
China. Even with care the cleaners
and graders of natural casings were
unable to turn out a really clean, uni-
form article, or one free from holes,
weak spots, deterioration or other de-
fects. Bring on the new casings.—
Capper's Weekly.

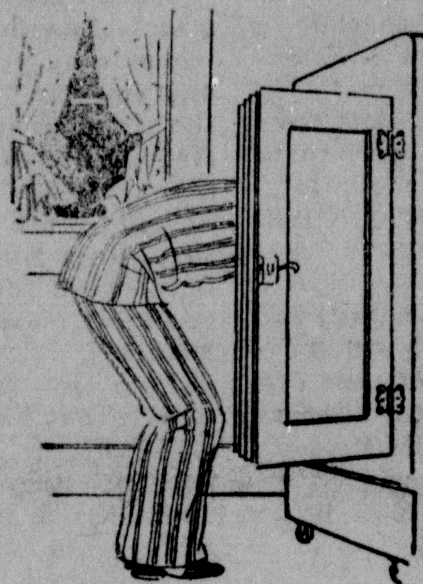

Records Vibrations

A device, known as an "Oslo," has
been perfected for recording the char-
acteristics of any vibration. It con-
sists of a mirror, 1-300th of an inch
thick and to the eye no more than a
fleck of light, which is the heart of
the invention. Among its uses are
included: Testing the quality of sing-
ers' and speakers' voices, detecting vi-
brations in machinery parts, measur-
ing the speed of projectiles and deter-
mining the recoil action of guns, lo-
cating airplanes, ships, artillery and,
in physical examinations, studying
heart-beats and respiration.

It pays to Advertise.

"The Store that Treats You Right."

PAJAMAS THAT WILL TAKE YOUR MIND OFF THE ICE BOX---

They'll stop that turning and tossing
and they'll take the vision of that piece
of cherry pie that's down in the refrig-
erator out of your head.

Cool---roomy---and because the morn-
ing paper boy isn't always accurate---
they are beautiful.

No man who sleeps in a pair of Col-
well's pajamas would dare don any lesser
suit of underwear than Munsingwear.

We put the city to sleep and wake it
up again.

Pajamas from \$2 to \$4
Night Robes \$1 to \$2
Munsingwear Union Suits \$1 to \$3

BE READY WHEN YOU START.

Before you start on your vacation
trip be sure that your Ford car is
running good. Bring it in and let us
check over the ignition system, and
see that everything is working prop-
erly. This service before you start
will insure you against delay on the
road.
